### Note from the Principal:

It is hard to believe that November is already here! Mr. Hoskins did a great job getting the school year off to a great start. The BRV community is full of great students, families, and staff members. I consider it an honor to be the principal at Blue River Valley Junior Senior High School.

As principal, my vision for our school is to continue to build upon the wonderful things already happening here. We will continue to focus on:

1. Student Safety and Security
2. Parent and Community Involvement
3. School Pride and Student Activities
4. Curriculum Alignment to the Indiana Academic Standards
5. Variety of Course Offerings to prepare students for College and Career Readiness

We would love feedback from our parents. Please view the optional parent survey at the bottom of this page. Please feel free to contact me by phone or by email if I can help you or your child. I look forward to getting to know each of you!
