

PETANDIM™

✦ FAQs ✦

WHAT IS PETANDIM?

Petandim is specifically formulated to reduce oxidative stress through Nrf2 activation, and it supports joint health.

Petandim was developed by LifeVantage in conjunction with world-renowned veterinarian pet product formulator, Dr. William Barnett, DVM. Petandim was formulated using marine sources of omega-3 fatty acids, encapsulated for bioavailability and stability. Petandim also contains Type II collagen, glucosamine, and chondroitin.

HOW DOES PETANDIM DIFFER FROM PROTANDIM® NRF2 SYNERGIZER®?

Petandim was developed for dogs. It contains the same beneficial ingredients as Protandim, with the addition of omega-3 fatty acids, Type II collagen, glucosamine, and chondroitin to help maintain joint health. The serving size and flavor of Petandim was developed specifically for your furry friend.

WHY CAN'T I JUST GIVE MY DOG PROTANDIM NRF2?

Petandim is specifically formulated for dogs. It has the appropriate serving size for dogs, along with ingredients dogs need to maintain joint function, mobility, flexibility, and cognitive function.

CAN I USE PETANDIM TO REPLACE THE OMEGA-3 AND TYPE II COLLAGEN THAT I ALREADY GIVE MY DOG?

Please consult your veterinarian.

WHAT ARE THE ACTIVE INGREDIENTS IN PETANDIM?

To reduce oxidative stress:

- Milk Thistle Extract (*Silybum marianum*) seed
- Ashwagandha Extract (*Withania somnifera*) root
- Green Tea Extract (*Camellia sinensis*) leaf
- Bacopa Extract (*Bacopa monnieri*) whole herb
- Turmeric Extract (*Curcuma longa*) rhizome

To maintain healthy joints:

- Omega-3 fatty acids
- Collagen Type II from chicken sternum cartilage (contains glucosamine and chondroitin)

WHAT ARE THE INACTIVE INGREDIENTS IN PETANDIM?

- Flavoring
- Ingredients necessary to bind the tablet.

HAS PETANDIM BEEN TESTED?

Petandim has been clinically tested by an independent third-party laboratory in a double-blind, placebo-controlled study. It has shown a trend in reducing oxidative stress (catalase). The study also showed that Petandim helps support joint function.

Although not normally conducted for most pet products, LifeVantage performed a bioassay to confirm that the ingredients in Petandim are not simply present, but that they are active and bioavailable.

Petandim was also tested for palatability among dogs to ensure compliance and acceptance.

HOW DOES PETANDIM REDUCE OXIDATIVE STRESS?

Petandim reduces oxidative stress through Nrf2 activation. Nrf2, a protein messenger that binds itself to DNA, is a master regulator of the body's aging process and is critical in the fight against oxidative stress. Nrf2 communicates with cells, instructing them to do what they're already designed to do. When activated, Nrf2 enters the nucleus of a cell and up-regulates "survival genes," genes that protect cells from damage caused by oxidative stress to help maintain good health.

HOW DOES PETANDIM SUPPORT JOINT FUNCTION AND MOBILITY?

Petandim contains the following ingredients for joint health:

- Omega-3 fatty acids
- Type II collagen, glucosamine, and chondroitin

IS THERE ANOTHER PRODUCT LIKE PETANDIM?

Petandim is the first dog supplement product on the market that is formulated to reduce oxidative stress through Nrf2 activation. There are no other products like Petandim on the market.

WHAT IS THE SHELF LIFE FOR PETANDIM?

Each bottle of Petandim has a shelf life of two years from the date of manufacture.

WHERE CAN I FIND THE EXPIRATION DATE?

The product expiration date is printed adjacent to the product bar code.

IS MY DOG TOO OLD TO TAKE PETANDIM?

Petandim is recommended for all dogs over 12 weeks old and who weigh more than 4 pounds.

IS THE PETANDIM SAFE FOR OTHER ANIMALS?

Petandim was specifically formulated for dogs and has not been tested on other animals.

WILL PETANDIM INTERFERE WITH MEDICATIONS MY DOG IS TAKING?

Although there are no known interactions, always consult your dog's veterinarian and tell him or her about all the medications and supplements that you give your dog.

IS PETANDIM SUITABLE FOR ALL BREEDS?

Petandim was developed for all dog breeds.

HOW SOON CAN I EXPECT TO SEE RESULTS IN MY DOG?

It may take up to 60 days to see improved flexibility, activity, better health, and cognitive function in your dog.

WILL MY DOG EAT PETANDIM?

Petandim has been formulated with flavors dogs love and tested for palatability to ensure compliance, and acceptance.

IS PETANDIM CERTIFIED ORGANIC?

Petandim is not certified organic.

IS PETANDIM NATURAL?

The active ingredients in Petandim are from natural sources.

DOES PETANDIM CONTAIN YEAST?

Petandim does not contain yeast.

DOES PETANDIM CONTAIN SUGAR?

Petandim does not contain sugar.

IS PETANDIM GRAIN FREE?

Petandim is grain free.

IS PETANDIM GLUTEN FREE?

Petandim is gluten free.

IS PETANDIM A VEGAN PRODUCT?

Petandim is not a vegan product.

IS PETANDIM FDA APPROVED?

The FDA does not pre-approve dog supplements before they go on the market.

WHAT IS THE NASC?

The National Animal Supplement Council (NASC) is a trade association dedicated to protecting and enhancing the health of companion animals. Members (Purina, Hartz Mountain, and others) are committed to the highest standards of quality for animal supplements and follow the guidelines that FDA has established for human supplements.

WHAT IS THE NASC SEAL ON THE PETANDIM LABEL?

The NASC (National Animal Supplement Council) Quality Seal assures consumers that manufacturers displaying the seal on their products have met rigorous quality control and labeling standards, and have passed a comprehensive quality system audit. The Seal program is part of the non-profit NASC's effort to promote consumer access to superior health and nutritional supplements for companion animals—primarily dogs, cats and horses.

The NASC Quality Seal underscores LifeVantage's commitment to offering innovative, science-based products of the highest quality for people and the animals we love.

IS PETANDIM PATENTED?

Petandim is not patented at this time.

HOW WAS JOINT HEALTH MEASURED IN THE PETANDIM CLINICAL STUDY?

Joint health was measured by dog owners' reported observation.

Product Testing

WAS A CLINICAL TRIAL CONDUCTED?

LifeVantage conducted a double-blind, placebo-controlled study administered by an independent third-party veterinarian who specializes in conducting clinical research trials.

WHAT WERE THE RESULTS OF THE CLINICAL TRIAL?

Test subjects in the Petandim study showed:

- A trend in the reduction of oxidative stress
- Support for joint health
- Palatability acceptance

HAVE THE RESULTS OF THE CLINICAL TRIAL BEEN PUBLISHED?

The results of the Petandim study are not published.

Usage

HOW MANY TABLETS OF PETANDIM SHOULD I GIVE MY DOG EACH DAY?

The serving depends on your dog's weight, according to the table below:

DIRECTIONS <i>for daily tablet use:</i>				
TOY (4-10 lbs)	SMALL (11-29 lbs)	MEDIUM (30-69 lbs)	LARGE (70-109 lbs)	GIANT (110+ lbs)
1/2 tablet	1 tablet	2 tablet	3 tablet	4 tablet
(Serving is based on weight)				

HOW LONG WILL A BOTTLE OF PETANDIM LAST?

It depends on the size of your dog and how many tablets they consume each day. The table below is based on the needs of only one dog. If you have more than one dog, please adjust accordingly.

TOY (4-10 lbs)	SMALL (11-29 lbs)	MEDIUM (30-69 lbs)	LARGE (70-109 lbs)	GIANT (110+ lbs)
2 months	1 month	2 weeks	10 days	1 week

HOW MANY BOTTLES OF PETANDIM SHOULD I BUY FOR MY DOG EACH MONTH?

The number of bottles depends on the weight of your dog. The table below shows how many bottles to buy each month based on 1 dog's weight:

TOY (4-10 lbs)	SMALL (11-29 lbs)	MEDIUM (30-69 lbs)	LARGE (70-109 lbs)	GIANT (110+ lbs)
1/2 bottle (1 bottle every 2 months)	1 bottle	2 bottles	3 bottles	4 bottles

HOW MANY TABLETS OF PETANDIM ARE IN A BOTTLE?

There are 30 chewable tablets in each bottle.

CAN I GIVE PETANDIM TO MY DOG AS A TREAT?

Petandim is an animal health product not a treat or reward.

SHOULD I GIVE MY DOG THE ENTIRE SERVING OF PETANDIM AT ONCE?

It is recommended that you give your dog the entire serving at one time.

CAN I GIVE PETANDIM TO MY PUPPY?

Petandim is recommended for dogs that are over 12 weeks old and weigh at least 4 pounds.

HOW DO I GIVE A HALF A TABLET OF PETANDIM TO MY DOG?

Break the Petandim tablet along the score line, or use a pill splitter to break the tablet.

WILL MY DOG HAVE BETTER RESULTS IF I GIVE HIM/HER MORE THAN THE RECOMMENDED AMOUNT OF PETANDIM?

Your dog's recommended serving size is determined by his/her weight. You should give your dog the correct amount each day.

CAN I GIVE MORE THAN THE RECOMMENDED AMOUNT OF PETANDIM TO MY DOG?

You should give the recommended serving size of Petandim.

WHAT IS THE BEST TIME OF DAY TO GIVE PETANDIM TO MY DOG?

We recommend that dogs take Petandim in the morning, but it can be given any time of day.
