

Mimari + Metal Architecture + Metal

VOL.1

Tecrübemiz avantajınız

Our experience is your advantage

45 YEARS

Faaliyetlerine 1975 yılında metal işlemeyle başlayan üretim ve mühendislik firması Kasso, 1986 yılında genişletilmiş metal levha üretimini de bünyesine katarak Tekşan-Kasso ortaklığını kurmuştur.

Kasso Mühendislik, bugün İstanbul Anadolu Yakası Organize Sanayii bölgesinde yer alan fabrikasında, ileri teknolojiye sahip patentli makineleri ile müşterilerine yenilikçi çözümler sunabilen ve proje teslimi ürünler geliştirebilen tam teçhizatlı bir metal işleme tesisi niteliğindedir.

Tüm imalat konularını tek bir çatı altında toplayan Kasso Mühendislik, tek noktadan yönetim ve işletme felsefesiyle faaliyetlerine devam etmektedir. "Mimaride Metal Kabuklar" kavramını yapı sektöründe oturtmuş olan markanın ürünleri, endüstriyel uygulamaların yanı sıra mimari projelerde de önemli bir yer edinmiştir. Kasso, yıllar içinde edindiği deneyim ve birikimin neticesinde kendi sektöründe bir ilke imza atarak Türkiye'nin 71. tasarım merkezini açmaya hak kazanmıştır.

Kasso is an engineering and manufacturing firm that has specialized in metalworking since its foundation in 1975. In 1986, the company extended its activities by embarking on expanded mesh metal sheet manufacturing through the Tekşan-Kasso partnership. Today, Kasso Engineering boasts a fully equipped metalworking plant in its headquarters in the Istanbul Anadolu Yakasi Organized Industrial Zone. Here, the company operates patented high-technology machinery that enables to offer innovative solutions and turnkey projects for its clients.

Kasso Engineering continues to grow with the philosophy of becoming a one-stop-shop for its clients' metalworking needs. As the innovator of "Architectural Metal Cladding" in the construction industry, the brand's products are widely used in industrial applications, as well as architectural projects. Empowered by its extensive experience and know-how gained over the years, Kasso is registered as the 71st Design Center in Turkey and very 1st in its industry.

Kasso, ürün ve hizmetlerinin müşteri gereksinimlerini tutarlı bir şekilde karşılanmasını sağlamak ve sunulan kaliteyi sürekli olarak iyileştirmek adına 2004 yılında ISO 9001:2015 sertifikasını almaya hak kazanarak kendi sektöründe kalite belgesi alan ilk şirket olmuştur. Farklılık yaratmak isteyen, müşterilerinin görüş ve düşüncelerine önem veren ve bu görüşleri sürekli geliştirmek adına ISO 10002 : 2004 Müşteri Memnuniyeti Yönetim Sistemi belgesine, Çevre Yönetim Sistemi'ne yönelik ISO 14001 : 2015 ve İş Sağlığı ve Güvenliği konusunda OHSAS 18001 : 2007 belgesine sahiptir. Kasso, çelik ve alüminyum yapıların imalatını ve montajını düzenleyen ve Yapı Ürünleri Yönetmeliği tarafından tanınan Avrupa standartlarına uygun üretime dair ISO EN 1090 belgesine sahiptir.

Kasso became the first company in its industry to receive ISO 9001:2015 certification in 2004 in order to ensure that its products and services meet customer requirements consistently and to continuously improve the quality offered. As a corporation in quest of making a difference, which cares the opinions and thoughts of its customers, it has ISO 10002:2004 Customer Satisfaction Management System certificate, ISO 14001:2015 Environmental Management System certificate and OHSAS 18001:2007 certificate for Occupational Health and Safety, in order to enhance these opinions constantly. Kasso, has the certification of ISO EN 1090 for execution of steel structures and aluminium structures for European Norms.

Kasso, 2010 yılında Türk Standartları Enstitüsü'ne (TSE) başvurarak 2013 yılında Türk Standartlarına Uygunluk Belgesi (TSE Markası) almıştır.

Kasso applied for certification with the Turkish Standards Institution (TSE) in 2010 and received its TSE certification in 2013.

Kasso, ürünlerinin Avrupa Birliği içerisinde serbest dolaşımını sağlayan ve Avrupa güvenlik standartlarına uygunluğunu gösteren CE belgesini 2017 yılında almıştır.

In 2017, Kasso received the CE certification indicating that its products comply with the European standards and can be traded freely in the European Union.

Kasso, Robotik Toz Boya Tesisi yatırımı ile 2017 yılında Avrupa merkezli alüminyum boyama kalite sertifikası olan Qualicoat ve Qualicoat Seaside belgelerini almaya hak kazanmıştır.

In 2017, Kasso received the European aluminum paint quality certifications Qualicoat and Qualicoat Seaside for its Robotic Powder Coating Plant investment.

Kasso, 2017 yılında kendi sektöründe ilk, Türkiye'de ise 71. tasarım merkezini açmıştır.

In 2017, Kasso opened the first design center in its industry and the 71st in Turkey.

Hizmetlerimiz / Our Services

Tasarım Hizmetleri ve Destek

KASSO, mimari uygulamalar için ürettiği işlenmiş metal levhaların sabitlenmesi için sistemler geliştirerek müşterilerine çeşitli çözümler ve teknik destek sağlamaktadır. Şirketin uzmanlık alanları arasında cephe montaj sistemleri, asma tavan montaj sistemleri, çeşitli materyalleri barındıran alt yapılar, ses ve ısı izolasyonunu destekleyici ürünler ve mimari açıdan dekoratif duran sabitleme öğelerinin tasarımı yer almaktadır.

Design Services & Assistance

KASSO offers solutions and technical assistance in the development of fixing systems for processed sheet metal works in architectural applications. The company's areas of expertise include designing of façade mounting systems, suspended ceiling installation systems, sub-structures accommodating various materials, supporting products for acoustic and thermal insulation, as well as architecturally decorative fixing elements.

Mühendislik

KASSO'da, malzeme seçimi ve mimari estetiği, malzeme işlenmesi ve oryantasyonu dahil olmak üzere tasarımlar için kapsamlı mühendislik hizmetleri sunmaktayız. Değer mühendisliğine önem veren Kasso, hem imalat hem montaj aşamasında maliyetlerin düşürülmesi ve israfın önüne geçilmesi amacıyla fizibilite çalışmaları yaparak tasarım optimizasyon konusunda destek olmaktadır.

Engineering

KASSO provides comprehensive engineering services for desings, including material selection and architectural aesthetics, material processing and orientation. As a company that prioritize the value engineering, KASSO renders assistance for design optimization by making feasibility studies in order to reduce the costs and prevent wastage.

Üretim

KASSO olarak genişletilmiş ve perfore metal levhalar kullanarak cephe ve asma tavan projeleri gerçekleştirme konusundaki uzun yıllara dayanan deneyimimizi müşterilerimizle paylaşmaktan gurur duyuyoruz. Montaj maliyetlerini düşüren hızlı bağlantı sistemleri gibi sektöre öncülük eden uygulamaların yanı sıra ürünlerimizin performansını daha da iyileştirmek amacıyla inovatif malzemelerin kullanımı ve üretim süreçleri üzerine uzmanlığımızı kullanıyoruz. Panellerimizin değer mühendisliğine önem veren bir şirket olarak KASSO'da ayrıca müşterilerimize modülasyon konusunda destek olarak hem imalat, hem de montaj aşamasında malzeme israfının önüne geçmeye ve maliyetleri azaltmaya özen gösteriyoruz.

Production

As KASSO, we are proud to offer our vast experience in facade and suspended ceiling projects using expanded and perforated metal. In addition to industry-leading applications such as quick coupling systems that reduce the cost of installation, KASSO also has expertise in using innovative materials and manufacturing processes to improve the performance of its products. As a company that prioritize the value engineering of panels, we provide assistance in modulation issues to our clients in order to reduce waste and lower the costs, during both production and installation.

Montaj

KASSO, tasarımlara sağladığı üstün kaliteli bitiş ve detay imkanları ile montaj destek hizmeti vermektedir. Mühendislik ekiplerince optimize edilen birleşim detayları, doğru sistemler ile montajın hızlı ve kolay tamamlanması hedeflemektedir. KASSO ayrıca dünyanın dört bir yanında bulunan iş ortakları sayesinde montaj işleminin hızlı, kolay ve doğru bir şekilde gerçekleştirilmesini sağlamaktadır.

Installation

KASSO provides installation assistance service by ensuring high-quality edges and details for the designs. The connection details optimized by the engineering teams, aim for easy and fast completion of installations with the appropriate systems. Thanks to its business partners all over the world KASSO also assures fast, easy and accurate installation operations.

KASSO Mühendislik 44'ü aşkın ülkeye dünya standartlarında üretilen ürünlerimiz, yüksek kalite ve üst düzey hizmet anlayışımızla ülkemiz ihracatına katkı yapmaya devam ediyor.

KASSO Engineering continues to contribute to our national economy by exporting its world-class products to more than 44 countries with exemplary customer service.

Dünya çapında sayısız mimari proje için sofistike yapılar yaratıyoruz.

We create sophisticated structures for numerous architectural projects all over the world.

Temeller

KASSO, kırk yılı aşkın deneyime sahip olan kurucularının vizyonu ile, müşterilerin gereksinimlerini dinleyip anlayabilme ve ilk fikir noktasından montaja kadar projenin tüm aşamalarında destek sağlayabilme kapasitesi sayesinde ilk günden beri öne çıkmaktadır.

Foundations

With the vision of the founders of more than 40 years' experience and thanks to its ability to listen and understand the customer needs and to provide assistance at all stages of a project, from the initial idea to the final installation, KASSO holds the leading position.

İnovasyon

Sürekli gelişim ve inovasyonu hedefleyen Tasarım Merkezimiz ihtiyaca yönelik tasarlanmış ürün ve sistem gerektiren projeler için özelleştirilmiş çözümler sunabilmektedir. Mühendislerimizin uzmanlık seviyesi, makine parkımızın yüksek entegrasyonu ve yüksek teknolojimiz sayesinde üretim süreçlerimizin uyarlanabilirliği ile proje bazlı nitelikli ve inovatif yaklaşımlar yapmaktadır.

Innovation

Our innovation and improvement centered Design Center offers customized solutions that specifically designed for project's product and system requirements. With the expertise of engineering team, high integration of machinery park with high technology and the adaptability of our production processes, Kasso offers project-based, qualified and innovative approaches.
