Fairfield Dance Center is now supplying our dancers with quality dance shoes and tights at a discounted rate! After parents wasting their money on tap shoes that are made of unsafe and cheap materials and ballet slippers made of a material that does not move with their dancer's feet, we have "teamed up" with Weissman Dancewear in order to supply our dancers and their parents with quality dance items at discounted rates.

Let's get your dancer sized so that we can have their dance items ready for their first class/camp of the summer.

Please refer to 2023 – 2024 Dress Code before making dance purchases.
