Connectivity in Diversity

Our vision is to promote the role of connectivity and diversity in Arts by bringing down barriers and empowering artists and art communities worldwide.

Gabriel Fine Arts

WELCOME TO GABRIEL FINE ARTS

Gabriel Fine Arts was founded in London, United Kingdom, in June 2014. We are committed to bringing together and representing exceptional and well-known artists from around the world. Our online art gallery is open all year round, and we have curated art exhibitions and bespoke art displays in prime locations and a variety of settings. We work with curators, dealers, and galleries worldwide to provide Art Consultation and Project Partnerships.

We've been featured in over a hundred exhibitions and events in the UK and overseas since May 2014, including Art Basel Miami, the Venice Biennale, Miami Art Week, and the Affordable Art Fair.

ABOUT US

Unlike many investment-oriented galleries, we work with emerging and established artists worldwide from all walks of life. Because of its inclusive environment, Gabriel Fine Arts is a contemporary and forward-thinking gallery.

This also gives us a strategic advantage in finding and cooperating with prominent new artists outside of the traditional art scene. Identifying new talent ahead of the competition means that your art investment has substantial growth potential as well as the possibility to assist an artist as their career progresses.

ART OF SUSTAINABLE INVESTMENT

Corporate art collections are proof of how appealing this alternative asset is as a financial asset. Deutsche Bank, which owns over 70,000 pieces, and Bank of America, which owns over 60,000, have some of the greatest collections.

Associating themselves with the current contemporary art scene benefits these large corporations, and their collecting habits can help drive prices up. Investing in living artists and arts organisations for the long term benefits heritage, history, and communities all across the world.

TRUST AND EXPERTISE

Art has long been considered a useful investment vehicle for portfolio diversification. Not only can artwork act as a hedge against inflation, but it also typically retains its value during economic downturns and regularly delivers impressive mid-to-long-term returns.

Our team has several years of experience in the art market, as well as a global network of industry contacts. We take pride in providing world-class service to each and every one of our customers. That's why, before you invest with us, we like to take the time to get to know you and understand your specific needs.

Gabriel Fine Arts welcome any and all inquiries. We are available for appointments at One Canada Square and online between Monday and Saturday.
