## QUALITY POLICY

### ISO9001:2008

It is the policy of the company to maintain a quality system designed to meet the requirements of ISO9001:2008 in pursuit of its primary objectives with the exception of clauses 7.3 Design and Development activities.

The company's Quality Management System defines our quality objectives and key procedures.

**The company is committed to comply with quality requirements and continually improve our quality management systems. The company requires the procedures laid out in this document to be followed to ensure the highest quality is maintained throughout the manufacturing process and complete traceability from Management, Personnel, Equipment, Design/ Drawing, Procurement, Manufacture, Delivery and File Maintenance.**

Customer service is an essential part of the quality process and to ensure this is fulfilled, all employees receive training to ensure awareness and understanding of quality and its impact on customer service.

To ensure the company maintains its awareness for continuous improvement, the quality system is regularly reviewed and is subject to annual audit.

The requirements of the company's quality system are mandatory and all company personnel have a responsibility and obligation to it.
