Unit 2c, Deer Park Industrial Estate, Knowle Lane. Fair Oak, Eastleigh, Hampshire, SO50 7DZ

STEEL FABRICATIONS STEEL ERECTION ARCHITECTURAL METALWORK

ENVIRONMENTAL & SUSTAINABILITY POLICY

The Company recognises that its activities may have environmental implications, and therefore pursues a policy designed to minimise environmental damage. See QM to review Environmental & Sustainability Policy & Statement. The Company's operations will be managed and organised to reduce so far as is reasonably practicable environmental damage caused by noise, dust and damage to groundwater and drainage systems. In pursuance of this policy, environmental considerations will be considered in tendering. All personnel at all levels should consider the environmental impact our processes and products and generated waste produced by our business, as a mutual objective.

It is the policy of the Company, by adopting the following actions, to do all that is reasonably practicable to reduce or prevent adverse reactions, on the environment, attributable to the running of our business:

- by the re-cycling of all scrap steel / off-cuts etc., by steel producers,
- by the re-cycling of all office generated waste paper, under contract with registered re-cycling contractor,
- by disposition of all waste / scrap, under the 'Duty of Care' Regulations, in compliance with Environmental Protection Act:1990, and the Hazardous Waste Regulations 2005,
- by maximising the efficient use of available power and fuel supplies,
- by keeping abreast of Statutory Legislation / Regulations and initiating any changes deemed necessary.

To strive to minimize waste and air, soil and water emissions

To contribute to the recycling and reuse of materials and products

To continuously improve energy efficiency in production processes and in the handling and transportation of goods

Must not Disregard applicable international and national laws and regulations on the handling, storage and disposal of hazardous waste

It is the policy of the Company, by adopting the following actions, to do all that is reasonably practicable to reduce or prevent adverse reactions, on the environment, attributable to the running of our business:

Signed
Richard Mears
Managing Director
