WHAT IS CREED FINANCE BEAST?

Creed finance beast (CFB) is a brand new product created by the Creed Finance team. It is a low supply, high interest store of value token which utilises a proof of ownership model and has a dynamic pricing structure, as each CFB token is sold the price will increase, holders of CFB will receive profits based on the company sales of both CFB and CREED tokens for as long as they hold the token, please note the value and rewards associated with CFB is obtained by DIRECT purchase from the Creed Finance team ONLY,

HOW IT WORKS?

CFB is designed to give our investors extreme, sustainable profits for as long as they decide to hold the tokens, as the company and sales grow so too will the rewards, each CFB bought (max 5 per person) entitles the holders to 10% of all Creed token sales after 15th March and 30% of all CFB sales after 27th March, which will go into the reward pool.

CFB PRICING

CFB has been designed with a dynamic pricing model in mind, for every CFB that is sold, the price will increase by 50 TRX or 40 Creed, to give an example of this:

The first CFB will cost 1000 TRX or 750 CREED

The second will cost 1050 TRX or 790 CREED

And so on until all 1000 CFB have been sold, this pricing structure means our investors continue to make more profits as the sales increase, the FINAL CFB will cost 51,000 TRX or 40,750 CREED, this means our investors will get a share of 15,300 TRX on top of the BP

CFB REWARD POOL

The Creed Finance Beast reward pool (BP) will hold 10% of all CREED sales and 30% of all CBF sales, 30% of the BP will be distributed to all CFB holders on the specified dates and 70% will remain in the BP, the aim of this is to steadily but surely grow the BP and investors profits.

Example to understand how it works:

20,000 CREED sold is 24,000 TRX. 10% = 2,400 TRX

10 CFB sold makes 14,700 TRX. 30%= 4,410 TRX

Total BP is 6810 TRX

30% of BP, 2043 TRX will be distributed to 10 CFB holders, this means each holder will get 204 TRX

70% of BP, 4,767 TRX will remain in the BP to grow future rewards

The CFB remaining and BP can both be viewed on tronscan at address
