# CREED ONE INCOME

On every Transaction 2%

Decreasing CR1 supply on every Transaction

1% auto buy-back and burn

3% growing liquidity on every Transaction

Auto saving through reflections on every transaction on BC

# Kiosk

- It is a service that provides custom design kiosk production and payment solutions. It saves time and speed in terms of facilitating people's work and taking the workload in institutions.
- CMF Payment Systems facilitates ticket purchases at movie booths with the kiosks they prepare.

# Pay With Wristband

With NFC technology, it offers the "Most Practical, Fastest, Most Advanced" Payment, Access and Control infrastructure in all organizations where there is a crowd of people.

All payments can be collected with wristbands at festivals, schools and hotels.

All Payment and Pass transactions can be made with a single bracelet and the need to carry a credit card is eliminated.
