Soteriology – Study of salvation

Ecclesiology - Study of Church

Eschatology – Study of the End Times- which we are studying today

Millennial

Post millennial- Of which come the three below

Pretribulation rapture – of which I subscribe

Mid tribulation rapture

Post tribulation rapture

You might be asking yourself – what is the most important thing that I can be doing with my time at this present hour? The answer is to give the Lord Jesus Christ a tithe of your time.

Have you considered this?

The bible consists of 66 different books, written by over 40 people over the period of 2,000 years – who did not know one another, that are words that were penned by deliberate design – that are perfect in that they never contradict one another, add to one another and you must come to the conclusion that it is divinely inspired, written by someone outside of our sphere of time?

God demonstrates His knowledge outside of the restrictions of time and space.

The book of Proverbs asks the question – Is it possible to unlock the truth of the bible, can we understand what it is saying?

The answer is Proverbs 25:2 which states: It is to the glory of God to hide a matter, it is to the honor of Kings to search it out.

Once you understand this, once you discover it is by deliberate design, you must come to the conclusion that the book comes from outside our understanding of time in order to put it together.
