

# Couldn't we at least...?

SIX PATHWAYS TO CLIMATE HEALTH with REAL SOLUTIONS

## Regenerate Nature

Couldn't we at least...

restore the ecosystems that keep us alive?

- ✓ Reforest to regenerative agriculture
- ✓ Cut food waste in half
- ✓ Support local, plant-rich diets

## Repower with Clean Energy

Couldn't we at least...

stop burning the fuel that's burning-us?

- ✓ Switch to solar, wind & geothermal
- ✓ Electrify buildings and transportation
- ✓ Ditch fossil fuel subsidies

## Rethink Transportation

Couldn't we at least...

move around without melting the ice caps?

- ✓ Expand clean public transit
- ✓ Design walkable, bikeable cities
- ✓ Phase out gas-powered vehicles

## Build Resilient Communities

Couldn't we at least...

protect each other from climate chaos?

- ✓ Strengthen disaster response & equity
- ✓ Invest in climate-safe housing
- ✓ Promote local adaptation strategies

Big changes start with small questions. So... couldn't we at least try?
