SERIES: SONNY, EV, LULU & ME / POV LEARNING SYSTEMS  
MUSICAL MOVEMENT SYNOPSIS 1: "LOSE LIKE A WINNER"

SEL Topic Addressed: Self-Awareness

- I. The ability to accurately recognize one's own emotions, thoughts, and values and how they influence behavior.
- II. The ability to accurately assess one's strengths and limitations, with a well-grounded sense of confidence, optimism, and a "growth mindset."

STYLE OF SONG:

- This will be a big soccer chant style song similar to world cup song's like Shakira's, "Waka Waka," or KNaan's, "Wavin' Flag." The song will focus on cheering with a syncopated cheer/chant and EDM-style musical elements.

STYLE OF MOVEMENT:

- Movements styled after cheering, dancing, jumping up in the air in victory, and fist pumping the air in pride.

PERFORMERS STYLING:

- Singer will be wearing a show stopping, tropical style outfit (think Caribana but modest). Child dancers and actors will be dressed in brightly colored sports gear such as soccer shorts, sports shirts, headbands and wristbands.

SCENE:

- An ecstatic, cheering crowd at a soccer game. A group of children (our dancers and actors) doing the wave.
- A round dolly track placed in the middle of the group of child performers, wrapping around the group of kids/performers.
- Camera shots looking in at the group of child performers doing a dance within the interior of the circle. Camera shots facing the exterior of the dolly circle track, showing the child performers on the exterior of the dolly track.
- Camera shots from above showing the child performers looking up at the camera at moments while they're doing a dance.

MESSAGE:

- Sound bite: Have a growth mindset.
- Learn to recognize your emotions, thoughts and values and how they influence your behavior.
- Learn your strengths and limitations, and pursue a well-grounded sense of confidence, optimism, and a "growth mindset."

**TREATMENT:**

## Intro 1:10

- Camera opens on a crowd doing the wave around the studio; the camera is on a circular dolly moving around a group of kids doing a step dance with integrated cheering style movements. For part of the dance, a ball is incorporated into a dance/cheer. This would be sports related - focusing on balance, co-ordination. There would be circus style movements to emphasize the importance of balancing.

## Message 0:30

- Memes relating to kids having a growth mindset. Kids trying new and different things. Some ideas would include climbing something, learning a new dance, making new friends, meeting new teammates, etc.

## Dance Move Tutorial 1:00

- The beat drops and the dancers begin to show the audience how the step dance (the video opened on) is done. The show closes on the kids participating in the chant/chorus as the episode fades to black.
