Residential Ductless Heat Pump Rebate Application

Complete application and sign/date. All information is required to process rebate(s).

Before installation: The contractor must submit application with consumer information, AHRI # and certificate, manufacturer, indoor/outdoor model numbers. The Ductless Heat Pump must be installed by a contractor listed on www.goingductless.com.

Self-Install installations do not qualify for the ductless heat pump rebate.

*The rebate is for one DHP per existing residence with electric resistance heating as the primary heating system.

After installation: submit completed application and final invoice(s).

<input type="checkbox"/> Yes, this DHP has been installed on a dedicated electrical circuit. <input type="checkbox"/> Yes, I have installed refrigerant line protection on entire length of exterior, insulated refrigerant lines (for details, see below). <input type="checkbox"/> Yes, I have installed the system in accordance with manufacturer specifications, including adherence to proper refrigerant charging. <input type="checkbox"/> Yes, I have all required licenses, registrations, certifications and permits for the work performed at the site address on this form.			

Terms and Conditions

OFFICIAL FORM: This form and any required additional documentation, including installation invoice, must be filled out completely, truthfully and accurately. Project details, including incentives, are subject to change without prior notice.

CONTRACTOR RESPONSIBILITY: It is the responsibility of the contractor to fully fill out this form at the time of installation, and to ensure this form has been signed by both the contractor and homeowner.

HOMEOWNER ELIGIBILITY: To be eligible for incentive payment, the home must have permanently installed electric resistance heat as the primary heating system. Qualifying applications are Single Family & Manufactured Homes with zonal electric heat, Single Family and Manufactured Homes with electric forced air furnaces. A qualifying existing site-built or existing manufactured home cannot have an existing Air Source Heat Pump, Geothermal Heat Pump, existing Ductless Heat Pump or Natural Gas Furnace to qualify for the rebate.

SYSTEM ELIGIBILITY: To be eligible for incentive payment, ductless heat pumps installed must be: a split system heat pump employing an inverter-driven, variable speed compressor, a variable speed outdoor fan, and a multi-speed or variable speed indoor blower. The system must meet a Heating Seasonal Performance Factor (HSPF) requirement of a minimum 9.0. Additionally, indoor units using any type of field installed duct system are NOT eligible.

CONTRACTOR ELIGIBILITY: Contractors must be licensed, bonded and insured, have successfully completed manufacturer sponsored training for equipment being installed and have attended an orientation provided by the NW Ductless Heat Pump Project (the Project) available at <http://goingductless.com/partners/contractors>.

CONTRACTOR REMOVAL: Non-compliance with installation specifications and/or Quality Assurance Inspections may trigger a performance review of the installation contractor. This review will be conducted by the NW Ductless Heat Pump Project Quality Assurance team. The performance review may result in suspension or permanent removal from participation. Findings of the performance review will be communicated, in writing, to the installation contractor and participating utility along with terms of suspension or removal.

VERIFICATION AND INSPECTION: Participating homes are subject to random onsite inspections in order to verify that installations meet Manufacturer specifications and that the home meets eligibility guidelines. You may be contacted by phone or email to schedule an inspection. No warranty is implied by this inspection.

TAX LIABILITY: Neither the utility, BPA, nor the contractor is responsible for any tax liability, which may be imposed on the Participant as a result of payment of any incentives or as a result of obtaining financing.

ENDORSEMENT: The NW Ductless Heat Pump Project does not endorse any particular manufacturer, contractor or product in promoting ductless heat pumps. The fact that the names of particular manufacturers, contractors, or products may appear on Project materials does not constitute an endorsement. Manufacturers, contractors, or products not mentioned are not implied to be unsuitable or defective in any way.

SAFETY AND BUILDING CODES: The Participant agrees to pursue compliance with federal, state, and local building and environmental codes for the installation of this product. The contractor certifies products have been installed consistent with manufacturer instructions.

PROPERTY RIGHTS: The Participant must have proper authority to install the ductless heat pump system on the designated property or has obtained any necessary consent from the landlord.

ACCESS AND EVALUATION: The Project and its representatives may request access to the property on which the ductless heat pump system was installed to review and evaluate the system during and after Project completion. The Participant agrees to provide reasonable access to the property for the purposes described herein. In addition, the Project may contact the Participant for survey participation and project feedback.

REFRIGERANT LINE PROTECTION: At the time of installation, contractor must protect all exterior, insulated refrigerant lines. Protection is either UV-resistant tape wrapped around insulated refrigerant lines or rigid line hides installed over insulated refrigerant lines.

REBATE AMOUNT FOR NEW EQUIPMENT			
Residence Type	Measure	Rebate Amount	Minimum Installation Requirements
Existing Site Built or Manufactured Homes	Ductless Heat Pump one per residence	\$800	Existing zonal heat (baseboard, ceiling cable, wall, electric hydronic), existing forced air electric

RETURN COMPLETED APPLICATION TO:
Columbia Basin Electric Cooperative
Attn: Energy Efficiency Rebates
5625 NE Elam Young Parkway #100
Hillsboro, OR 97124
Email: rebates@esgroupllc.com Fax: 1-503-344-6942

Rebate will not exceed 70% of the installed job cost.

After the receipt of the final invoice & completed rebate application allow 8 to 10 weeks for rebate processing.

Call 1-888-883-9879 to learn about additional energy efficiency programs.

Participation in this energy efficiency program allows Columbia Basin Electric Cooperative to use your electrical energy consumption history for energy savings research. Your consumption history may be shared anonymously with Bonneville Power Administration for energy savings verification and research.

RESIDENTIAL DUCTLESS HEAT PUMP REBATE PROGRAM General Information

HOMES THAT QUALIFY FOR A REBATE

- Site-Built & Manufactured Homes with Forced Air Electric or Zonal Electric Heat (baseboard, wall, ceiling cable).
- Site & Manufactured Homes with existing heat pumps do not qualify for the rebate.
- The rebate is for one ductless heat pump (DHP) per existing residence with electric resistance heating as the primary heating system.
- The ductless heat pump must be installed by a contractor listed on the www.goingductless.com website. Self-install installations do not qualify for the DHP rebate.

Home Type	Existing Heat	Rebate
Single Family & Manufactured	Zonal Electric & Forced Air Electric	\$800

LEARN ABOUT DUCTLESS HEAT PUMPS

- What is a Ductless Heat Pump and how does it increase comfort and efficiency? Find out at www.goingductless.com!

INSTALLER REQUIREMENTS

- Your installation contractor must be listed on the “going ductless” web site for your project to qualify for our rebate. www.goingductless.com (click on “Find Installer” and enter your zip code)

BEFORE INSTALLATION: PRE-APPROVAL

- Pre-approval is required to qualify for the rebate.
- Your contractor must submit the Residential DHP Rebate Application & AHRI certificate to Columbia Basin Electric Cooperative (CBEC) **before installation** to verify that the model qualifies for the rebate.
- The pre-approval takes approximately one business day.
- Email the pre-approval to rebates@esgroupllc.com or fax to: 503-344-6942.
- Your DHP must be on the BPA approved list www.bpa.gov/goto/QualifiedProductsLists

AFTER INSTALLATION: FINAL DOCUMENTATION

- Your contractor must submit a complete Residential Ductless Heat Pump Rebate Application including the date of installation, an AHRI certificate and final invoice to Columbia Basin Electric Cooperative (CBEC).
- Email or fax pre-approval to rebates@esgroupllc.com or fax to: 503-344-6942 or mail to the address on the DHP rebate application.

QUALITY ASSURANCE INSPECTION

- CBEC may do a follow-up inspection of your new DHP. If you are chosen for an inspection, you will be contacted before the inspection to schedule a day/time with a CBEC field representative.

CONSUMER REBATE CHECKS

- After CBEC receives your complete rebate application and final invoice, it will take approximately 8 to 10 weeks for the rebate check to be issued and mailed.

For additional questions regarding the Columbia Basin Electric Cooperative Residential Ductless Heat Pump Rebate Program, call 1-888-883-9879.
