I Would Like to be Your Life, Health & Accident Insurance Agent

MMI is not an automated website or a faceless internet company. We are a community-involved small business and our focus is on providing individualized insurance products and services to each of our clients and their family members throughout the State of Michigan.

As a licensed independent insurance agency, we work closely with our clients to provide them with the most competitive insurance products available from many of the most recognized companies in the nation.

My Goal

My goal is to put my 32+ years of experience to use helping each of my clients to develop and maintain a sensible, coordinated and competitive insurance program to protect themselves and their family members from the financial hardships that come from experiencing a serious accident, illness, disability, or loss of life.

Client Service

Whether we meet in person or we develop a long-distance relationship, when it comes to service after the sale, I treat each client as a member of our small business family. Help is always just a phone call away. In the event of an accident, serious illness or loss of life, I stand ready to help you in a very personal way. I won't send you to the 1-800-help-yourself world of customer service.
