Do you need a final exam review session before taking the Hearing Aid Exam?

PHHA is pleased to offer an intense ONE-DAY review course that is ***specifically geared*** to helping you pass the tough Pennsylvania fitter's exam. This course features a very practical SAMPLE EXAMINATION, and focuses on the subjects, nature and style of the actual test. You don't want to miss out on this opportunity!

EXAM REVIEW CLASS FOR THE STATE FITTERS' EXAMINATION

Held in Harrisburg the day prior to the state exam every April and October!

See the included registration page for time and location details!

This exam review seminar offers informative course material presented by long-term Pennsylvania hearing aid fitters who have over 50 years of collective industry experience and are familiar with the subjects you need to concentrate on. While this course does not attempt to substitute for the training your sponsor is expected to provide, it does realistically cover the topics that are included on the state examination.

🎉 Faculty share decades of industry experience and have passed this difficult exam themselves and bring to the seminar the experience YOU NEED to pass it! 🎉

PHHA's exam review course has been scheduled for the day before the PA Department of Health, Hearing Aid Program, State Fitter Examination.

Attendance is limited, so we urge you to register early. Assure your place by completing the enclosed form and mailing it TODAY with the registration fee of \$199.00 per person. Credit cards are accepted and can be paid online at www.PHHA.net/apprentices.

You must register for the PA fitter exam separately with the PA Dept. of Health.

If you have questions about the seminar, email info@phha.net or phone us at 717-599-0999.

Sincerely,
Patrick S. Kochanowski, BS, ACA, BC-HIS
Seminar Chairman
