

Career Day at the Exploration of Flight

We set up a table at the Career Day that the Wings Over the Rockies/Exploration of Flight Museum held on April 26 at Centennial Airport. It was interesting that we were the only Army representation at the Fair. The Navy, Marines, and the Airforce had recruitment displays set up. I want to say that we did Army Aviation proud. Terry Olson, Phil Lanphier, Cliff Lawson, James (Wick) Clark, Al and Dottie Harinck, and Dale House all represented us well.
