**COMMERCIAL OFFER | RÉSUMÉ | DEMOS**

**Dear Fellow Musicians and Label Managers,**

My name is Vadim Vasilenko. My son's name is Daniel Vasilenko, 23, and he is a self-taught beatmaker, arranger, and guitar player, who has worked together with Placebo on the Beats Company project for more than 10 years and I am a classically trained pianist, Russian-English conference interpreter, and currently the promoter of his music.

**We are reaching out to you in an effort to find a worldwide market for Daniel's music and hopefully connect with the right partners for his beats, mixing skills, and loops. Please take a moment to look at some of Daniel's work.**

Daniel will graduate in 2027 from Stamford International University in Thailand (<https://www.stamford.edu/>) with a major in International Management and Finance, but making music is his true passion. He has excellent communication and leadership skills, is highly skilled in AI and programming, and is truly a walking encyclopedia.
