Ashley Norton
ARCHITECTURAL HARDWARE

**SEPTEMBER 2025 PRICE BOOK
SOLID BRONZE COLLECTION**

INTRODUCTION

The Ashley Norton Advantage

Established in 1987, Ashley Norton has grown to become one of the leading designers and manufacturers of architectural hardware. We have developed a wide range of products including a collection of designs, finishes and styles that suit even the most discerning customer.

We pride ourselves on the technical aspects of our product:

- Products sand cast from the finest art grade bronze, assuring a naturally flowing texture
- European engineering and design, with spring assisted levers to eliminate lever sag
- European made, short-throw (28 degree) latch which minimizes effort to open the door
- ANSI Grade 1 certified, US made entry mortise locks, exceeding 5 million cycles
- Stainless steel components used wherever possible to increase durability and resist corrosion

The durability of our products, our elegant and unique designs, and our best-in-class value-proposition are the amongst the many reasons why our products are selected again and again by design professionals in the high-end residential and hospitality industries. As a testimonial to the versatility and quality of our products, consider the following list of projects enjoying Ashley Norton products: Wynn Las Vegas, Wynn Macau, Treasure Island, The Bellagio, Beau-Rivage and The Ritz-Carlton (Naples).

Environmentally Sound

At Ashley Norton we believe that being environmentally responsible is part of our job. Over the years, we have implemented various steps to reuse, reduce and recycle materials at every stage in our factory as well as in our offices.

- The character of our products is bolstered by a 90% recycled bronze content
- All of the bronze used in our machining and casting processes is reclaimed for reuse
- The non-destructive casting process we employ allows us to reclaim our molds for use again and again
- Our packaging is made from recycled materials

TERMS & CONDITIONS OF SALE

Terms

Net 30 (subject to credit check and account approval). A monthly finance charge, computed at a periodic rate of 18% will be added to all past due accounts. The amount of credit we extend to a customer is subject to change or limitation at any time, either before or after delivery of any part thereof, of an order. Payment in advance may be required prior to delivery. If a customer's account is in arrears, we shall have the right, in addition to all other legal remedies and without prejudice to any other of our rights, to defer further shipments until payment is received. We reserve the right to ship on a C.O.D. basis when considered necessary. All goods supplied remain the property of Ashley Norton Inc. until paid in full; provided, however, that risk of loss for such items shall be borne entirely by the Buyer upon delivery of such goods by Ashley Norton Inc. (F.O.B. Pompton Plains, NJ) as detailed below. All accounts that are deemed consistently problematic in the sole discretion of Ashley Norton Inc. including but not limited to untimely payments, excessive ordering errors or excessive returns are subject to closure at Ashley Norton Inc.'s discretion.

Prices

All prices are subject to change without prior notice. All orders accepted will be priced according to the prevailing price at time of shipment. Orders delayed due to "on hold" account status will be charged at the price effective on date of shipment. All Prices are exclusive of all local, state and federal taxes. Wherever applicable, such taxes will be added to the invoice as a separate charge to be paid by the Buyer.

Claims

Any claims for shortages must be made in writing within 14 days from date of invoice. Any claims for defective merchandise or billing errors must be made in writing within 30 days from date of invoice. No claim will be allowed for work or modifications done by others, for incidental or consequential damages, or for other expenditures. The liability of Ashley Norton Inc., is limited to its obligation to repair or replace defective goods as set forth below.

TERMS & CONDITIONS OF SALE

Specifications

Sizes and designs may be changed without notification. Ashley Norton Inc reserves the right to discontinue products without prior notice.

Order Cancellations & Changes

Ashley Norton Inc will attempt to comply with faxed order changes or cancellations, however, we cannot guarantee that they can be accomplished before shipment. Handling charges will apply if goods had been manufactured prior to processing a change or cancellation request. Orders for nonstock or special items cannot be cancelled or changed without consent from Ashley Norton Inc. Where items have not been manufactured, we will endeavor to action a cancellation or change request. However, where items have been manufactured any cancellation or change is subject to approval by Ashley Norton Inc. and will result in a handling charge of up to the full order value.

Disputes

All disputes relating in any way to these Terms and Conditions of Sale shall be resolved in an appropriate court located in the State of New Jersey, and such disputes shall be governed entirely by New Jersey law.

RETURNS POLICY

Returned goods will not be accepted without prior written authorization. Minimum net amount for return of hardware is \$25 except in case of Ashley Norton error.

All requests for RGAs must be made in writing within 60 days of original invoice date. RGA numbers are valid for 30 days from date of issuance and will not be re-issued. A minimum 30% restock charge plus freight will apply to items returned in original condition and packaging and having a factory issued RGA number. If a factory defect is claimed, an RGA will be issued for inspection purposes only. Any credit due will be determined upon inspection; approved returns will be credited. All returns must be shipped freight pre-paid. COD returns will be refused.

ITEMS SOLD IN SPECIAL FINISHES, SPLIT FINISHES AND CUSTOM ITEMS ARE NON-RETURNABLE.

Special order or discontinued items will not be accepted for return except in case of manufacturing error.

WARRANTY

Mechanical Warranty

Ashley Norton Inc. extends a 10 year mechanism warranty to the original residential purchaser, providing the product has been installed in strict accordance with our installation instructions. The only obligation of Ashley Norton Inc. will be to repair or replace the defective product or parts upon presentation, together with proof of purchase dated within the warranty period. We assume no liability for any labor charges regarding the removal or reinstallation of the products; nor will we cover any freight, postage, or handling expense. This warranty does not cover damage caused by accident, misuse, abuse, tampering, extreme climatic conditions, improper installation or products used in commercial applications.

Finish Warranty

Our bronze patinas are 'living finishes' and may lighten, highlight, oxidize or rub off in places due to frequency of use; therefore, such events do not constitute a defect.

Our Matt Black finish is susceptible to chipping. Such chipping is a feature of the finish and in no way constitutes a defect. The finish may be easily restored by the application of a spot of black paint to the chipped area.

Thus Ashley Norton Inc., cannot guarantee our Bronze and Matt Black finishes and therefore, Ashley Norton Inc. will not have any obligation to repair or replace such finishes under this warranty.

Exclusion of Incidental and Consequential Damages

In no event shall Ashley Norton be liable for any incidental or consequential damages arising from the sale or use of our products. We assume no liability for any labor charges regarding the removal or reinstallation of the products; nor will we cover any freight, postage, or handling expense related to the product. The only obligation upon Ashley Norton Inc. will be to repair or replace the defective product or parts upon presentation, together with proof of purchase dated within the warranty period.

CUSTOM ORDERS

Ashley Norton welcomes your requests for custom products. From modifications to existing designs to completely new products, we welcome the opportunity to discuss your requirements. Minimum quantities and special charges may apply.

Examples of our capabilities include:

- Custom lever or plate designs
- Custom sizes for existing designs, e.g. cabinet knobs or pulls in alternative sizes, or plates in alternative sizes
- Products to suit specific multipoint locks
- Handlesets with narrow (or extended) backset mortise locks. Note that narrow backset mortise locks are not available in a grip x lever/knob configuration

If a custom order is cancelled after work has begun, charges will be billed for time and costs incurred to date.

Please call or email us (custom@ashleynorton.com) with your requirements. When emailing, be sure to include as much detail as possible, particularly on quantities required.

MORTISE LOCK OPTIONS

ANSI F12 Entry Accurate 9148B Lock

- Latch bolt by key outside and lever either side unless outside lever is locked by toggle action stop
- Deadbolt by key outside and turn piece inside
- Turning inside lever retracts latch and deadbolt simultaneously, **outside lever remains locked until manually unlocked by toggle**

ANSI F13 Dormitory Accurate 9124B Lock

- Latch bolt by lever either side
- Deadbolt by key outside and turn piece inside
- A turn of inside lever retracts latch and deadbolt simultaneously, **automatically unlocking outside lever.**

ORDERING GUIDELINES

Almost any combination of lever, knob, escutcheon and finish may be combined to create a unique piece for your client's project. Our staff will be delighted to assist if you have any questions regarding compatibility of levers/escutcheons or other technical questions. Some frequently requested information is presented below.

Product Code Construction

We have provided guides throughout the price book which explain how to construct part numbers for specific combinations of levers, plates and finishes. Should you require any assistance, please do not hesitate to contact us.

Handing Guide

Most of our interior sets (tubular passage/privacy) do not require handing. Handing is required for single dummies, entry hardware and all mortise interiors.

Backset, Strike, Door Thickness

Our hardware is supplied with accessories to suit a typical door. However, a number of options are available to suit particular circumstances.

Handing Guide For Swinging Door Hardware

Door handing is always determined from outside of the door. The side of the door that the hinges are on determines the handing of the door. For mortise sets, we need to know the swing direction of the door. Most doors swing in, but if the door swings outwards, designate this as reverse swing.

- L** = Left Hand
- R** = Right Hand
- LHR** = Left Hand Reverse (needed for mortise sets only)
- RHR** = Right Hand Reverse (needed for mortise sets only)

	Standard	Option
<i>Please call to verify suitability for any doors thicker than 2 1/2"</i>		
Tubular Passage / Privacy Sets		
Door thickness	1 3/8" - 1 3/4"	Up to: 3" (passage); 2 1/2" (privacy)
Backset	2 3/8"	2 3/4"
Strike	Full Lipped Strike	T Strike
Deadbolts		
Door thickness	1 3/4"	Up to: 3" (standard); 2 1/4" (double-keyed)
Backset	2 3/8"	2 3/4"
Tubular Entrysets		
Door thickness	1 3/4"	Up to 3" - see footnote (a) below
Backset	2 3/8"	2 3/4"
Strike	Full Lipped Strike	T Strike
Mortise Entrysets		
Door thickness	1 3/4"	Up to 3" (upcharge for doors 2 1/2" or thicker)
Backset	2 1/2"	2 3/4" (call for narrow or extended backset)
Strike	Mortise strike	Mortise strike
Multipoint Trim		
Door thickness	1 3/4"	Up to 2 1/4" (inquire for thicker doors)
Strike	Not included	Not included

(a) Max. thickness for double keyed entryset is 2 1/4". Max. thickness for tubular gripset is 2 1/2"

Ashley Norton utilizes the finest art grade bronze alloys in the production of our hardware. Our Dark Bronze (BZ), Natural Bronze (NB) and Matt Black (TC) products are produced from silicon bronze, a coppery-gold colored alloy of copper, silicon and zinc.

Our **Dark Bronze (BZ)** patina is our most popular, and allows for the greatest uniformity in shade at time of delivery. We aim to stock the most popular items in this patina.

Our **Natural Bronze (NB)** patina infuses a modern natural bronze tone with the ageless texture typical of sand cast bronze hardware.

Our **Matt Black (TC)** products are created through the application of a black powder coat. The combination of distressed bronze with a modern black finish offers a striking look which works well in a transitional or modern space.

Our **White Bronze (WL)** products are produced from an alloy known simply as white bronze. The infusion of manganese and nickel to the copper creates a pleasing silver colored metal.

Our **White Medium (WM)** patina products are hand finished in small batches. Each batch will be similar in hue, however different batches may have slight variation in tone. Such differences are caused not only by the small variation in time for which the item is oxidized, but also environmental factors such as humidity and temperature.

Ashley Norton applies a light coating of wax to protect our products from oxidization and wear. As the wax coating wears off, the patinas will be exposed to the environment. The effects of age, climate and touch will work in conjunction to create unique, contrasted color variations. The most frequently touched areas will highlight as the patina wears off and natural shades of bronze are exposed. Areas which are not handled may oxidize further, and the combination of colors and hues will accentuate the timeless elegance of bronze.

MULTIPOINT HANDLESETS

Ashley Norton offers multipoint handlesets to suit most door and lock manufacturers.

To determine the correct multipoint handleset configuration, a few pieces of information are required:

- The manufacturer of the french door or multipoint lock
- The distance between the lever and the cylinder - typically 92mm or 105mm
- The type of cylinder - American, Europrofile or Andersen
- Whether the levers are above or below the cylinder

Listed below are some of the most common door and lock manufacturers. Our customer service team is available to assist in identifying the correct configuration for specific locks - email lock drawings to service@ashleynorton.com to get started.

Ashley Norton provides handlesets, spindle, screws and cylinder (where needed). We do not include the multipoint lock, strike or faceplate.

All of our handlesets have a two-way spring assist to avoid lever-sag.

CONFIGURATION 1 - LEVER HIGH / AMERICAN CYLINDER

Lever-high American cylinder locks with 92mm CTC
e.g. G-U locks, Lepage Millwork

Not suitable for Marvin Integrity doors

CONFIGURATION 2 - LEVER LOW / AMERICAN CYLINDER

Lever-low American cylinder locks with 92mm CTC
e.g. G-U locks, Sierra Pacific Wisconsin Product (formerly Hurd), Biltbest

MULTIPOINT HANDLESETS

CONFIGURATION 3 - ANDERSEN LOCKS

Lever-low Andersen locks with 105mm CTC

CONFIGURATION 4 - ASHLAND LOCKS

Lever-low Ashland locks with 92mm CTC

e.g. Caradco, JELD-WEN⁽¹⁾, Marvin⁽²⁾, PGT and Weather Shield⁽¹⁾

CONFIGURATION 5 - EUROPROFILE CYLINDER

Lever-high Europrofile cylinder locks with 92mm CTC

e.g. Hoppe locks, JELD-WEN⁽¹⁾, Kolbe, KfV, Lincoln, Loewen, Norco, Peachtree, Semco, Weather Shield⁽¹⁾, Sierra Pacific⁽³⁾, Windsor and Vetter

CONFIGURATION 6 - LEVER HIGH / AMERICAN CYLINDER

Lever-high American cylinder locks with 92mm CTC

e.g. G-U locks, Milgard, Pella

(1) JELD-WEN and Weather Shield may use either Hoppe or Ashland locks.

(2) For true Marvin doors only, not suitable for Integrity.

(3) Sierra Pacific Wisconsin Product (formerly Hurd) uses G-U locks, see Configuration 2

TSL / MTL CONFIGURATION

MWF CONFIGURATION

Ordering Guide for Sliding Door Hardware

- The above handlesets are configured to operate a lock with an American tailpiece. If the lock has a 7mm spindle, see handlesets for HLS 9000 lock on previous page.
- Match distance from top screw to thumbturn, and between top and bottom screws with one of the above plate configurations. If top screw to thumbturn is 2", then order MTL configuration for Marvin doors and TSL configuration for others.
- Marvin sliding doors may use either MWF or MTL configurations depending on date of manufacture, contact us for assistance
- Choose pull handle design - either the Dunn handle or the York handle can be combined with any plate configuration.
- Handing is not required.

Handing including swing direction is critical when ordering gate hardware.

Drop bar is not designed to act as the sole closing device for a gate. This product is designed to be used with a gate stop or other hardware that stops the gate slightly before the drop bar connects with the strike. Should you require a gate stop, please see below.

Gate Hardware is available for doors between 1 3/8" to 3" thick in your choice of these escutcheons with any lever.
Knobs not suitable for use with gate hardware.

SOLID BRASS HINGES

GENERAL INFORMATION

- Full mortise, plain bearing hinges manufactured from solid brass extrusions to current ANSI template specifications. Brass base ensures excellent strength and precision tolerance.
- There may be a slight variation in texture and color between the hinge and the Solid Bronze product
- Supplied as standard with button finials

TECHNICAL FEATURES

- Pin manufactured from grade 304 stainless steel to prevent corrosion
- Finials threaded into barrel of hinge to prevent pin from rising
- Hinges beveled on inside leaf to obtain tight fit when viewing in closed position
- Template screw hole location for use with wood doors and frames

Item No.	Description	Wt. /box	Thickness	Screws Included

Solid Brass Hinge - Distressed

RADIUS CORNER HINGES

GENERAL INFORMATION

- Manufactured from solid brass extrusions, to allow for higher strength and tolerance
- There may be a slight variation in texture and color between the hinge and the Solid Bronze product
- Supplied with button finials

TECHNICAL FEATURES

- 3 ½" x 3 ½" and 4" x 4" residential duty hinges with 3/32" (0.094") thickness
- Available with ¼" and 5/8" radius corners
- Supplied with #10 x 1" screws
- 4" x 4" hinges feature zig-zag screw pattern
- Removable pin made from grade 304 stainless steel to resist corrosion

Item	Size	Corner	Thickness	Price	Price
