## Soft Flex® Beading Wire

"This is the best beading wire for jewelry makers around – at least in my estimation. It is durable and fairly easy to use. This is the only one I use after trying several."

## Welcome to the 2018 Bead&Button Show!

Inside these pages you'll find everything you need to know to plan your getaway to Milwaukee for the 2018 Bead&Button Show. This week-long celebration of jewelry includes CLASSES that showcase beads, metal, and wire, from talented instructors sharing their artistry in fun and unique ways, plus more SHOPPING than you could ever imagine. It's the Ultimate Dream Jewelry Experience!

### Start Browsing

We can't wait for you to browse through this catalog and see the classes created for you by our outstanding faculty. This year's lineup of more than 600+ classes includes offerings in a wide variety of materials, techniques, and styles. If you can create it with beads, crystals, gemstones, wire, metal, or metal clay, you can find a class for it at the Bead&Button Show. View the class listings on pages 12-63 to get started.

### You're Invited

We'd also like to invite you to our Meet the Teachers Reception on Friday, June 8, in the Wisconsin Center 1st floor Ballroom. This gathering is a perfect place to connect with classmates, chat with jewelry artists, meet

your instructors ... and SHOP. Instructors will be selling kits during the event so you can find unique materials, and buy them directly from the artists!

### Register Online Starting January 9, 2018

Once you've decided on your classes, be sure to review the Hotel and Travel Information on page 74 and the Registration Information on page 6 to start planning your trip to Milwaukee. Then starting January 9, 2018, visit [BeadandButtonShow.com](http://BeadandButtonShow.com) to register for your selected classes.

We can't wait to see you in June! Questions? Contact us at [customerservice@beadandbuttonshow.com](mailto:customerservice@beadandbuttonshow.com) and we can help.

# Commemorative Bead Artist

## Aja Vaz

Our stunning 2018 Show Bead is the creation of glass artist Aja Vaz. Aja's work is abstract and organic, and is a result of thinking upside-down and inside-out in an effort to harvest her mind's view. The principles of wabi sabi (the acceptance of imperfection) fascinate her, and textures that are worn, rough, rusty, or patina inspire her. Aja constantly asks, "How can I bring the organic into a molten piece of glass?"

A country girl at heart who was raised in a family of "make-do-and-menders," Aja's background influences her work in ways that allow her do more with less: fewer tools, colors, and time. With her husband on active duty in the military, frequent cross-country moves are the norm. As a rolling stone gathers no moss, a moving artist keeps her needs simple and without frills.

Now, after more than a decade of evolving her craft, she owns Wandering Spirit Designs and continues her exploration to link nature and glass. When someone holds one of her beads in the palm of their hand and exclaims, "This is glass?" Aja knows

she's succeeded in translating her vision.

### The Commemorative Bead

This blown-glass hollow has Aja's distinctive approach of using earth tones and mimicking reactions similar to ceramics. Although hundreds of beads were created for the Bead&Button Show, each one is slightly different due to the inherent nature of the glasses used. Reserve yours now for pickup at the Show.

**List Price:** \$65.00

sessions at the Bead&Button Show. Without ABR's commitment to our Show, the lampworking classes in particular, we would be unable to offer these unique sessions at our event. During the Show week, please visit ABR Imagery at their booth on the Show floor.

# Excellence in Jewelry Artistry Award Winner

This year's award is underwritten by Shipwreck Beads™, which will honor Nancy's achievements with a \$1,000 gift certificate.

## Nancy Cain

### Nancy's Artist's Statement

I have sought to understand the nature of creativity and design through my work with beading. But how do you break creativity and design into a tangible, workable, and understandable concept that can be taught in a class so it may be applied in practice? I believe this is accomplished through insight into the design process.

As an instructor and as an artist, I think that insight is very much unique to each individual, but there are some fundamental elements that can be taught and understood universally. These elements can then be put into practice and applied towards a specific skillset.

A skillset is the practiced and practical foundation for the artist's creative expression and design success. The 10,000 hours of work necessary to

become an expert in any field are daunting, particularly developing the necessary ability to become a craftsman or artist. An individual with passion will do the time as a matter of commitment to creative growth, love of mastery of the medium, and interest in sharing one's unique way of seeing. A big part of this process can be understood through the acronym M.U.S.E.: Motivation, Understanding, Skill, Execution.

I see this as the process through which we find the necessary Motivation to Understand and improve our Skills so that we can best Execute new designs or projects. This isn't necessarily limited to only beading or artistry, which opens up worlds of possibility for growth and learning.

Congratulations, Nancy!

The ISGB is the leading organization for the promotion, education, and appreciation of the art of glass and beadmaking for wearable, sculptural, and functional art.

Our mission is to preserve the rich and diverse traditions of the art of glass beadmaking and glassworking techniques; promote educational initiatives and professional development; and encourage innovative use of complementary mediums among artists and craftspeople.

The Gathering, our annual conference, will once again be in Las Vegas, Nevada. Join us April 4–8, 2018 and experience an engaging mix of the very best in presentations, workshops, tours, and many other activities that will both educate and inspire. Share collective knowledge and connect with us for the Gathering XXVI.

We invite you to join us on our journey through collaborative creativity in the worlds of glass and complementary mediums.

# Hotel and Travel Information

Milwaukee, the largest city in the state of Wisconsin and the 31st largest city (by population) in the United States, is located on the shores of Lake Michigan.

Once famous for its breweries and factories, today the greater Milwaukee area offers arts and entertainment, an exciting variety of shopping choices, and eclectic and ethnic dining at all price levels. Milwaukee's big-city advantages and old-world charm make it a great place for Bead&Button Show attendees to visit. Welcome to Milwaukee!

## Show Host Hotel: The Hyatt Regency Milwaukee

The Hyatt Regency is located in the heart of downtown Milwaukee, connected by skywalks to the Wisconsin Center and the shops of Grand Avenue Mall. The scenic Riverwalk is also one block away. The Hyatt is the most convenient hotel for Show attendees; all pre-conference workshops and a large percentage of general education classes are held there. There is complimentary Wi-Fi in the hotel lobby and all guest rooms have Wi-Fi as well as refrigerators.
