This is a personalized dance and/or fitness training session led by a professionally certified master instructor.

Each session is customized to meet your specific dance or fitness goals. It may include the use of various equipment like a ballet barre, bands, balls, and more.

Sessions are available by appointment

This is a dance and/or fitness session where two clients work simultaneously with one professionally certified master instructor.

Each session is customized to meet both individuals' needs. You can bring your own partner or request to be paired up. While it's recommended that partners be at similar levels, it's not mandatory.

Sessions are available by appointment

This is a dance and/or fitness session where three clients work together with one professionally certified master instructor.

Instruction is personalized to meet each individual's needs. You can bring your own partners or request to be paired up. It's recommended that partners be at similar skill levels.

Sessions are available by appointment.

Each session lasts 55 minutes and is paid for individually. Prices are listed per person. There are no membership or monthly fees. You can pay per visit or buy a package of 10 sessions at a discounted rate. All packages have a one year expiration from the purchase date.
