

THE OAKS
A Classical Christian Academy

Student Application & Enrollment Process

❑ STEP ONE: **Attend The Oaks Information Meeting**

These meetings are held throughout the school year and are the first step toward applying to The Oaks. See our website for the next meeting date.

❑ STEP TWO: **Ready to apply?**

Fill out an info card at the Info Meeting (see step one) and indicate that you'd like an application. *We will then send you an application link via email.*

Complete The Oaks application and pay the \$100 application fee online.

❑ STEP THREE: **Complete family interview and student entrance exam.**

Once we receive your application, our admissions team will call your references and then schedule a 1-hour family interview with you. This gives us a chance to meet your family, get to know you, and it allows you to ask any remaining questions. During the interview, one of our staff members will administer a reading and math test with any student applying. While this assessment is important, it is only one piece of information we consider in determining their acceptance.

❑ STEP FOUR: **Receive a decision letter**

Within two - three weeks of the interview, you'll receive an email letting you know whether your student has been accepted at The Oaks.

❑ STEP FIVE: **Sign Parent Partnership Pledge and pay \$500 registration fee**

If you decide to enroll your student, you'll need to read and sign (online) 1. our partnership pledge and 2. The Oaks statement of faith to indicate your agreement with these beliefs. If so, the next screen will prompt you to pay the \$500 registration fee (per student) to secure the spot. If your student has a scholarship, the money will be credited back to you if his or her account is later paid in full (fourth quarter).

❑ STEP SIX: **Complete paperwork for student file and start tuition payments**

You'll need to complete all the "usual" school online paperwork such as medical info, authorized pick-ups, etc. You will also need to either select how you'd like to pay tuition or submit scholarship information. If tuition is paid in 1 up-front installment, you'll receive a \$500 discount.

❑ STEP SEVEN: **Order uniforms and purchase school supplies**

You'll receive information on uniforms and books/supplies so you can start planning.

❑ STEP EIGHT: **Attend Co-Teacher Training**

These events are a vital, mandatory step in attending The Oaks and will help to ensure a successful school year. They are held in mid/late August each year.
