Hello everyone!

Temperatures here are finally climbing above the 20s and 30s, now in the 40s and even the low 50s... Time to break out the Bermuda shorts and flip-flops.

On the downside... the rain is back after an amazing two weeks of dry weather in January. Yeah, yeah... all that Northwest rain means a green Northwest. I'd be okay with just a little less green.

Still... I absolutely love the Northwest. Can't imagine living anywhere else.

"We didn't realize we were making memories, we just knew we were having fun."

—Winnie-the-Pooh

Black Tower Audiobook Series

All eleven episodes of the Black Tower series are available in audiobook format on both Amazon and Audible. Great narration by Jeffrey Fellin. Grab 'em an episode at a time, starting with: [Episode One on Amazon](#) or [Episode One on Audible](#).

For more info on the epic, head over to the [greybeard publishing](#) website and click the Black Tower book pic.

Mrs. Weddington's Yard

The short novella, already available in Kindle ebook, is now also available in paperback and large print paperback format on Amazon and Barnes & Noble, coming soon in hardcover. As noted in the last newsletter, the title picked up the **Readers' Favorite Five Stars** award. A heartwarming family fantasy, the first novella in a planned trilogy.

Gordon's Porch – Five Formats

Gordon's Porch, the first book in the planned trilogy, is available in multiple formats, including ebook, paperback, large print paperback and hardcover at: [Gordon on Amazon](#).

And for a truly unique experience, the audiobook edition is available with a very British narration by Steve Aleppo. Check out the sample on the book's Amazon audiobook page: [Gordon Audiobook](#)

Our Book Markets in 2025

Took a look back at our four key markets over the past year: US, UK, CA and AU. From what I can see, when I take all the book formats into consideration, the US market wins out, primarily due to paperback sales, though US and UK went back and forth in ebook sales. Canada and Australia were not that far behind in ebook.

When focusing on the formats, ebook wins overall (kindle and KU subscription), with paperback not too far behind (boosted during the holidays). The large print paperback market was consistent but well behind "regular" paperback sales. Hardcover format, as

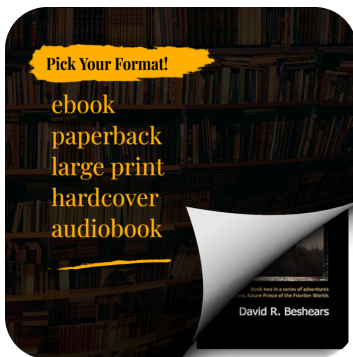

expected, was well behind the other formats, and was almost exclusively in US, I believe via third-party markets, though it's hard for me to track that down.
