Good morning everyone!

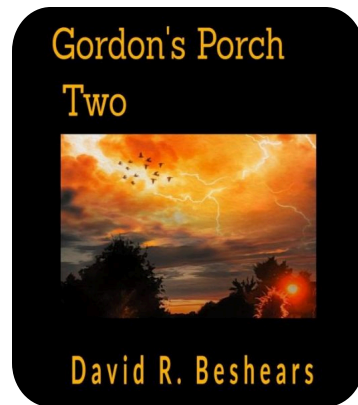

I really need to find more hours somewhere... I currently have a work schedule of 54 hours a week. It would be great if all those went to my writing, but alas no. The hours are divided between writing time and those focused on publishing and other greybeard admin duties. Bare minimum for admin stuff is 14 hours per week, more as tasks require. The more hours that shift to admin comes right out of my writing time. Or maybe from my online mahjong.

"It is not enough to be busy. So are the ants. The question is: What are we busy about?"

~ Henry David Thoreau

Book of the Month

Sisters in Space is May's book of the month.

Claire and Amelia wake from cryo aboard a small escape shuttle, find themselves adrift eighty years in deep space. This is the story of their journey home.

*"... a fusion of *The Outer Limits* and *Lost In Space*... the sisters are pleasantly realistic, the pace is balanced and steady. *Sisters In Space* is an engaging read and perfect for fans of low-tech sci-fi."* - **Gaius Konstantin, Readers' Favorite reviewer**
