## Semester Spotlight

Follow along to read about Delta Co, 10<sup>th</sup> Regiment's achievements this semester!

## SEMESTER EVENTS

### \* Joint Cadre Panel

October 20, 2025

Our annual professional development event gathers ROTC cadre from different services to share training insights.

### \* Navy Seal Trip

November 22, 2025

Scabbard and Blade completed its first off-campus trip, giving members exclusive insight into Naval Special Warfare History.

### \* Fall 2025 Induction Ceremony

December 3, 2025

Congrats to our record-breaking Fall 2025 class on their achievement and commitment to Scabbard and Blade!

Event Spotlight

## Fall Induction Ceremony

Record-Breaking ceremony! Delta Company, 10<sup>th</sup> Regiment inducted 33 new members, making this our biggest class yet. We also celebrated the addition of two cadets from the Space Force, further diversifying our ranks. Our chapter is now proud to include members from the Army, Air Force, Space Force, and Navy!

Following the induction ceremony, every new member received a Scabbard and Blade T-shirt approved to wear under their combat uniforms. To accommodate all service members we ordered both OCP and Woodland Brown shirts. We look forward to welcoming our first marine next semester, which will allow us to represent all five military service branches!

## Establishment as an RSO

Scabbard and Blade achieved formal recognition as a Registered Student Organization (RSO) this semester! This crucial status grants us access to key campus resources, including event sponsorship, commencement packet recognition, and participation in student activities fairs, which will significantly grow our chapter next semester!

### New School Logo:

Delta Company, 10<sup>th</sup> Regiment has unveiled an updated logo to better reflect our company and regimental identity! We are currently in the process of producing velcro patches featuring this new design, which will be available for purchase next semester. All proceeds will go toward funding our end of semester banquet in the Spring!

## This Semester in Pictures

Our dedicated Cadets and Midshipmen volunteered their time at the activities fair, successfully recruiting new members and sharing our mission!

Members of Scabbard and Blade honored the heroes of 9/11 with a remembrance stair climb at Daytona's International Speedway.

Three of our members graduated this semester. They were the first class to be recognized in the commencement packet under ERAU Honor Societies!

Thanks to our fundraising success, we invested in new gear for our members. We acquired a personalized EZ-UP tent for event use and 120 Dri-Fit shirts to be distributed to members!

## Navy Seal Museum Tour

Deep Dive into Naval Special Warfare: The chapter took a professional development trip to Fort Pierce, Florida, where they toured the National Navy SEAL Museum. Highlights included learning the history of the SEALs and participating in their obstacle course, followed by a great lunch.

## Joint Cadre Panel

Scabbard and Blade members had the incredible opportunity to hear directly from officers representing each ROTC Branch on campus! Each cadre member shared advice, stories, and leadership lessons that will stick with us throughout our entire career! Members were also provided dinner sponsored by the Embry-Riddle Student Government Association!
