July 30, 2021

Dear Educator,

On behalf of the Nevada Department of Education (NDE), I am pleased to invite you to join the Nevada Digital Learning Collaborative (NvDLC) as a Digital Ambassador. Digital Ambassadors will support all Nevada educators with virtual and blended learning by developing K-12 curriculum and content and supporting teachers through meaningful, job-embedded professional learning. With your one-year commitment, you will receive a stipend and continuing education units (CEUs)/state renewal credits. Receipt of the previously listed incentives is contingent upon the successful completion of all deliverables as outlined for Digital Ambassadors. Additional details about these incentives and an overview of deliverables will be provided at the upcoming orientation.

As a Digital Ambassador, you will be responsible for deliverables in support of digital/blended learning. The deliverables may take the form of:

- A variety of virtual professional learning sessions
- K-12 Curriculum and Content
- Attendance at required scheduled meetings

Your appointment to the NvDLC is just one of the many steps you and NDE will be taking to transform education in Nevada. We will help to establish the foundation of what a *global education* means in the Silver State. On August 2, 2021, beginning at 12:00 p.m., a virtual orientation will be held to on board our Digital Ambassadors; this is a required component. Please email Jaynie Malorni at jmalorni@doe.nv.gov if you no longer wish to participate in the NvDLC.

If you have any questions, please contact Jaynie Malorni at jmalorni@doe.nv.gov and/or Cindi Chang at cchang@doe.nv.gov.

Congratulations and welcome to the team!

A handwritten signature in black ink, appearing to read "Jhone M. Ebert".

Jhone M. Ebert
