# SCHOOL ASSEMBLIES

**“TERRIFIC  
ENERGY”**

**“DYNAMIC  
ASSEMBLY”**

**“ABSOLUTELY  
THE BEST!”**

Highly interactive, this popular assembly will have everyone movin' and groovin' through time with all the favorite songs and dances from the 50's through today's hottest moves. How about a little swing, twist, disco, robot, cha-cha, hip hop, and boot scootin' boogie on your musical history tour? In one-hour students will learn steps that enhance self-esteem, social skills, and coordination so they can look good and feel good on any dance floor!

This unique assembly uses appropriate music and a high-quality sound system that can reach up to 400 students. Students will need at least one foot between them to make the assembly a safe experience. An elevated stage is required. (We can provide a stage for an extra fee). Outside assemblies are discouraged due to floor safety, lighting, weather conditions and sound from music.
