"The teachers asked each of their students to write me a letter telling me what their favorite things about Kimberly Elementary are. By far, the most common answer was the "Dare To Dance" assembly program. It was clear that this was an important part of their experience at our school." -*Principal*

"Dear Dare to Dance, Thank you for the most exciting assembly. That was the most amazing show I have ever seen in my life. I liked all your cool dance moves that you taught me. Now I can go home and tell my parents that school is no longer boring! Thank you for the cool dance assembly."
