Improve the quality of life of people.

Our Vision

The mission of Mitchell's Salvation Community Inc. is to develop partnerships with faith based community. We will design and develop supportive housing projects to improve the quality of life of people and reverse the increase of homelessness in Los Angeles and surrounding counties. Through our strategic community partnership our primary goal is to serve the homeless and homeless veterans.

About MSC

MSC Inc. is a private nonprofit organization located in Los Angeles residential community with premier properties aligned with community needs. We are passionate to giving homeless individual members of our community a hand-up.

We offer a safe comfortable and beautiful environment for homeless individuals and homeless veterans to work on a better life and rediscover their dreams in an environment strategically designed to do so.
