AGluvs (Patent Pending)

*Reusable Antimicrobial
Touchscreen Gloves*

Once infused with the right amount of chemical of choice, the first layer is designed to protect the skin from chemicals.

- Eliminates the fear of cross contamination
- Saves on costs of hand sanitizers
- Freedom to use bleach
- Saves environment from biohazard waste buildup
- Machine Washable and reusable

The patient's needs are our top priority. We aim to offer a vast product line of medical supplies and ensure convenience through fast and efficient deliveries across the nation. We work with Medicare and several private insurance companies throughout the country.
