

SMALL BUSINESS MONTH

Greg Perlman, LCSW
Founder & CEO

ABOUT MY BUSINESS

Engage Play Therapy is a telehealth company specializing in pediatric mental healthcare. Our new technology provides a unique telehealth platform with embedded games and activities for children. We connect therapists and children in our marketplace and provide access to our innovative telehealth platform for their telehealth therapy sessions.

HOW WESTCHESTER COUNTY HELPED ME LAUNCH MY BUSINESS

Westchester County has provided me with the necessary tools to launch my startup. I received my Master of Social Work at Fordham University in Harrison. I worked in many different settings throughout Westchester County, providing me with the necessary foundation to launch a healthcare start-up. Most recently, I completed the Element 46 Tech Accelerator Powered by Cela, a resource for local startups provided by the Westchester County Office of Economic Development. My completion of Element 46 has opened so many doors to grow my company and given me validation as an entrepreneur.
