

HIS Blessings BOX

Our Mission

At His Blessings Box, our purpose is to extend a helping hand to all those in need within our community. Through providing hot meals, food, clothes, haircuts and other essential services, we create meaningful moments of peace and comfort for individuals, fostering an environment where the transformative power of God's love can touch lives, one person at a time.

Our History

Our Ministry began in 2019 as a food pantry. Through donations, our outdoor Blessing Box helped those with food insecurity in our local neighborhood. This simple concept has grown into a network of volunteers and community partners that provide food, clothes, and other services to neighbors in need.

Our Team

Our amazing team of volunteers and community partners are committed to helping others. We take our convictions and turn them into action. Think you would be a good fit? Get in touch for more information!
