

A Cash Incentive Energy Efficiency Program brought to you by:

Instructions for Use:

1. **Preapproval is required.**
2. Review Terms and Conditions on the last page of this application form.
3. Incentive is not available for replacement of existing electric heat processes. Must be all new equipment and process or replacing alternate fuel source such as natural gas.
4. Complete the application (signature not required) for your proposed project. Submit the completed application and the following required documentation to The Utility for pre-approval (see contact information below):
 - a. Descriptions of the existing and proposed equipment or measure.
 - b. Detailed calculations of estimated demand and energy use, along with documentation of assumptions.
4. The Utility will schedule a site visit for discussion and verification of equipment.
5. **After The Utility provides a written Preapproval of Rebate**, purchase and install the equipment.
6. **Within 90 days of the equipment being installed and operational**, submit the signed application, copies of itemized invoices (including costs, quantities, makes, model numbers, and sizes) along with manufacturer's specification sheets showing efficiency ratings for all equipment with the signed application. Also submit updated calculations of demand and energy use, if applicable.
7. The Utility will schedule a post-inspection site visit.
8. Please allow 6 to 10 weeks for final review and processing of your completed application and payment of eligible incentives.

Email the application and supporting documentation to: rebate@brightenergysolutions.com. Or, mail or deliver to:

Rock Rapids Municipal Utilities
310 S Third Ave
Rock Rapids, IA 51246

Phone: (712) 472-2511

Please note: Rock Rapids Municipal Utilities and its supplemental power supplier, Missouri River Energy Services, are offering this Bright Energy Solutions Program. Rock Rapids Municipal Utilities and Missouri River Energy Services together will be referred to as "The Utility" throughout this document.

Please visit www.brightenergysolutions.com for more information about the Bright Energy Solutions® Program.

Infrared Curing and Drying Application for Business Customers

Project Information

IMPORTANT: If not included below, detailed calculations and assumptions must be attached with this application, and must be sufficient to verify the demand and energy use claimed. Attach additional supporting documents and specifications as necessary.

Please describe, in detail, the **EXISTING** or **BASELINE** equipment if any (quantity, make, model, type, efficiency rating, etc.):

Please describe, in detail, the **PROPOSED** equipment (quantity, make, model, type, efficiency rating, wattage, etc.):

The proposed equipment is (check one):

☐ Replacing Existing Natural Gas or Other Fossil Fuel Source ☐ New Process and Equipment

Number of shifts used: ☐ 1 ☐ 2 ☐ 3

kWh Incentive Calculation

The incentive is up to 03 cents per kWh predicted to be used annually. All incentives are limited to 75 percent of the total project cost, or 100 percent of material cost if self-installed.

kW Demand of Proposed Equipment	_____	(A)
Annual Hours of Operation (Page 2)	_____	(B)
Annual kWh Use (A X B)	= _____	(C)
Annual kWh Use (C) x \$0.03	= _____	kWh Incentive

Certifications and Signature

I hereby certify that:

1. The information contained in this application is accurate and complete;
2. Installation will be complete and the unit operational before submitting application for final payment;
3. All rules of this incentive program have been followed;
4. I have read and understand the terms and conditions applicable to this incentive program as set forth in this application, including those set forth on the last page of this application form.

The customer agrees to verification of equipment installation which may include a site inspection by a program or utility representative. The customer understands that it is not allowed to receive more than one incentive from this program on any piece of equipment. The customer agrees to indemnify, defend, hold harmless and release The Utility from any claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees) arising from or relating to the removal, disposal, installation or operation of any equipment or related materials in connection with the programs described in this application, including any incidental, special or consequential damages.

Terms and Conditions for Bright Energy Solutions Business Incentives

ELIGIBILITY:

- Bright Energy Solutions incentives are offered by Missouri River Energy Services and its participating members. For questions regarding eligibility, call your local utility listed on the cover page of this application.
- Commercial, industrial, and governmental customers who purchase electricity from The Utility are eligible to participate in this Bright Energy Solutions® incentive program. Eligible equipment must be connected to an electric service billed under a commercial or industrial rate class by The Utility. **Excludes equipment for residential spaces such as apartments.**
- Customers may not receive more than one incentive for each piece of equipment installed under any combination of Bright Energy Solutions programs.

TERMS AND CONDITIONS:

1. **Incentive Offer:** Projects, including all required installation, must be completed by December 31 of the year indicated on this application form. A signed application and itemized invoices for materials and labor must be submitted to The Utility **within 90 calendar days of project completion**. Please keep a copy for your records.
2. **Proof of Purchase:** This application must have complete information and be submitted with invoices itemizing the new equipment purchased and labor costs. Invoices must indicate date of purchase, make, model and total project cost. OEM specification sheets or DLC documents must also be provided where applicable and available.
3. **Compliance:**
 - a) All projects must comply with federal, state, and local code, licensing, and permit requirements.
 - b) All equipment must be new or retrofitted with new components per the program specifications. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed and properly disposed of.
 - c) Equipment must meet specification requirements and be purchased, installed and operating prior to submitting an incentive application.
 - d) Equipment must not be used to qualify and receive payment for energy savings from any wholesale electricity market.
 - e) **All projects for which more than \$20,000 in incentive payments is sought must be approved by The Utility in writing prior to the commencement of the project.** Receipt of pre-approval does not guarantee incentive payments will be made. All terms and conditions of this application must be satisfied by the customer.
4. **Payment:** Once completed paperwork is submitted, incentive payments are made within 4-8 weeks. Incomplete applications will delay payments. The Utility reserves the right to refuse payment and participation for violations of program rules and procedures.
5. **Inspection:** The Utility may conduct an inspection of any installed projects. All projects exceeding \$10,000 of incentives will be inspected prior to incentive payment.
6. **Information Sharing:** The Utility reserves the right to publicize your participation in this program, unless you request otherwise in writing. Information contained in this application may be shared with state boards, commissions, departments, and other Bright Energy Solutions participating utilities.
7. **Program Discretion:** This program is subject to change or termination without notice at the discretion of The Utility. Neither pre-approval of a project, nor any other action by The Utility, will entitle a customer to an incentive payment until the application is finally approved by The Utility. The Utility reserves the right to load manage (cycle on or off) customer equipment that qualifies for incentives under this program.
8. **Logo Use:** Customers or trade allies may not use the name or logo of Bright Energy Solutions, The Utility, or any other participating utility in any marketing, advertising, or promotional material without written permission.
9. **Disclaimers:** The Utility:
 - a) does not endorse any particular manufacturer, product, labor or system design by offering these programs;
 - b) will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c) does not expressly or implicitly warrant the installation or performance of installed equipment or any contractor's quality of work;
 - d) is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
 - e) is not liable for any damage, injury, or loss of life arising from or relating to the removal, installation, or operation of any equipment, or any other action taken by the customer or The Utility, in connection with a project undertaken under the programs described in this application;
 - f) does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program.

INCENTIVE LIMIT:

- **Eligible customers may purchase and install qualifying equipment and receive an energy efficiency incentive of up to \$100,000 per customer, per calendar year.** Payments for larger incentives may be allowed at the discretion of The Utility.
- Total incentive will not exceed 75 percent of the project cost, including installation. If self-installed, incentives can be up to the equipment purchase price, but shall not exceed the Bright Energy Solutions incentives set by Missouri River Energy Services.
