

A Cash Incentive Energy Efficiency Program brought to you by:

IMPORTANT INSTRUCTIONS:

Step 1: Determine Eligibility. Pre-approval is required if the potential incentive is greater than \$20,000. Contact The Utility for pre-approval. See last page of application for detailed **Terms and Conditions**.

Step 2: Install Equipment.

Step 3: Complete and Submit Application. A completed application and all required supporting documents must be received by The Utility **within 90 days of installation**. Incomplete applications will cause delays in payment or denial of the application.

Email the application and supporting documentation to: rebate@brightenergysolutions.com

OR

Mail the application and all supporting documentation to:

Rock Rapids Municipal Utilities
310 S Third Ave
Rock Rapids, IA 51246

Phone: (712) 472-2511

Please note: Rock Rapids Municipal Utilities and its supplemental power supplier, Missouri River Energy Services, are offering this Bright Energy Solutions Program. Rock Rapids Municipal Utilities and Missouri River Energy Services together will be referred to as "The Utility" throughout this document.

Please visit www.brightenergysolutions.com for more information about the Bright Energy Solutions® Program.

Food Service Incentive Application for Business Customers

2025

All equipment must be new equipment (not used or pre-owned). When applicable, equipment must be on the list of qualifying ENERGY STAR® equipment to be eligible for an incentive. This list is available at www.energystar.gov.

A. ECM or Q-Sync Motors for Walk-in Coolers or Freezers

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
ECM Walk-in Evaporator Fan Motor -Replacement/Retrofit Only			\$40	\$
Q-Sync PMS Evaporator Fan Motor -Replacement/Retrofit/New			\$60	\$
Subtotal Section A:				\$

B. ECM Fan Motors (Electronically Commutated) for Compressors and Condensers—Replacing Existing or Supplied With New Equipment

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
ECM Condenser or Compressor Fan Motor			\$50	\$
Q-Sync PMS Evaporator Fan Motor in Walk-In Coolers and Freezers -Replacement/retrofit/new cases			\$60	\$
Q-Sync PMS Evaporator Fan Motor in Reach-In Cooler or Freezer Cases -Replacement/retrofit/new cases			\$30	\$
Subtotal Section B:				\$

C. ENERGY STAR Commercial Ice Machines

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
Less than 500 lbs. per day			\$50	\$
500—1000 lbs. per day			\$150	\$
Greater than 1000 lbs. per day			\$300	\$
Subtotal Section C:				\$

D. Commercial Fryers

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
ENERGY STAR® Electric Fryer			\$1150	\$
Electric Pressure Fryer (ENERGY STAR® Not Required) Note: Must have shortening capacity ≥ 25 lbs.			\$1000	\$
Ventless Electric Fryer (ENERGY STAR® Not Required) Power supply must be 208 volts or greater, and have a minimum capacity of 14 lbs. or 1.75 gals.			\$600	\$
Subtotal Section D:				\$

E. ENERGY STAR Commercial Griddles—Electric Only

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
Electric Griddle			\$1150	\$
Subtotal Section E:				\$

Food Service Incentive Application for Business Customers

2025

F. ENERGY STAR Commercial Steam Cookers—Electric Only

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
Three-Pan Electric Steam Cooker			\$1200	\$
Four-Pan Electric Steam Cooker			\$1350	\$
Five-Pan Electric Steam Cooker			\$1550	\$
Six-Pan Electric Steam Cooker			\$1700	\$
Subtotal Section F:				\$

G. ENERGY STAR Commercial Hot Food Holding Cabinets—Electric Only

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
Half-Size Holding Cabinet			\$200	\$
Three-Quarter-Size Holding Cabinet			\$300	\$
Full-Size Holding Cabinet			\$400	\$
Subtotal Section G:				\$

H. ENERGY STAR Commercial Convection Ovens—Electric Only

Description and Size	Make/Model	Quantity	Incentive	Total Incentive
Electric Convection Oven - Half Size			\$450	\$
Electric Convection Oven < 5 Pan Capacity			\$700	\$
Electric Convection Oven ≥ 5 Pan Capacity			\$700	\$
Subtotal Section H:				\$

I. ENERGY STAR Commercial Combination Oven/Steamers—Electric Only

Efficiency Requirements	Make/Model	Quantity	Incentive	Total Incentive
Two-thirds Size (Mini) 3-5 Pan			\$2000	\$
Full-Size 3-4 Pan			\$2000	\$
Full-Size 5-40 Pan			\$2000	\$
Subtotal Section I:				\$

J. Commercial Kitchen Hood Control Package

Description and Size	Make/Model/Exhaust Fan HP (Size)	Quantity	Incentive	Total Incentive
Control Package Must include hood temperature or hood temperature plus optical sensors controlling variable speed drive exhaust and variable speed drive makeup air unit.			\$200 per hood exhaust fan hp	\$
Subtotal Section J:				\$

Food Service Incentive Application for Business Customers

Terms and Conditions for Bright Energy Solutions Business Incentives

ELIGIBILITY:

- Bright Energy Solutions incentives are offered by Missouri River Energy Services and its participating members. For questions regarding eligibility, call your local utility listed on the cover page of this application.
- Commercial, industrial, and governmental customers who purchase electricity from The Utility are eligible to participate in this Bright Energy Solutions® incentive program. Eligible equipment must be connected to an electric service billed under a commercial or industrial rate class by The Utility. **Excludes equipment for residential spaces such as apartments.**
- Customers may not receive more than one incentive for each piece of equipment installed under any combination of Bright Energy Solutions programs.

TERMS AND CONDITIONS:

1. **Incentive Offer:** Projects, including all required installation, must be completed by December 31 of the year indicated on this application form. A signed application and itemized invoices for materials and labor must be submitted to The Utility **within 90 calendar days of project completion**. Please keep a copy for your records.
2. **Proof of Purchase:** This application must have complete information and be submitted with invoices itemizing the new equipment purchased and labor costs. Invoices must indicate date of purchase, make, model and total project cost. OEM specification sheets or DLC documents must also be provided where applicable and available.
3. **Compliance:**
 - a) All projects must comply with federal, state, and local code, licensing, and permit requirements.
 - b) All equipment must be new or retrofitted with new components per the program specifications. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed and properly disposed of.
 - c) Equipment must meet specification requirements and be purchased, installed and operating prior to submitting an incentive application.
 - d) Equipment must not be used to qualify and receive payment for energy savings from any wholesale electricity market.
 - e) **All projects for which more than \$20,000 in incentive payments is sought must be approved by The Utility in writing prior to the commencement of the project.** Receipt of pre-approval does not guarantee incentive payments will be made. All terms and conditions of this application must be satisfied by the customer.
4. **Payment:** Once completed paperwork is submitted, incentive payments are made within 4-8 weeks. Incomplete applications will delay payments. The Utility reserves the right to refuse payment and participation for violations of program rules and procedures.
5. **Inspection:** The Utility may conduct an inspection of any installed projects. All projects exceeding \$10,000 of incentives will be inspected prior to incentive payment.
6. **Information Sharing:** The Utility reserves the right to publicize your participation in this program, unless you request otherwise in writing. Information contained in this application may be shared with state boards, commissions, departments, and other Bright Energy Solutions participating utilities.
7. **Program Discretion:** This program is subject to change or termination without notice at the discretion of The Utility. Neither pre-approval of a project, nor any other action by The Utility, will entitle a customer to an incentive payment until the application is finally approved by The Utility. The Utility reserves the right to load manage (cycle on or off) customer equipment that qualifies for incentives under this program.
8. **Logo Use:** Customers or trade allies may not use the name or logo of Bright Energy Solutions, The Utility, or any other participating utility in any marketing, advertising, or promotional material without written permission.
9. **Disclaimers:** The Utility:
 - a) does not endorse any particular manufacturer, product, labor or system design by offering these programs;
 - b) will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c) does not expressly or implicitly warrant the installation or performance of installed equipment or any contractor's quality of work;
 - d) is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
 - e) is not liable for any damage, injury, or loss of life arising from or relating to the removal, installation, or operation of any equipment, or any other action taken by the customer or The Utility, in connection with a project undertaken under the programs described in this application;
 - f) does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program.

INCENTIVE LIMIT:

- **Eligible customers may purchase and install qualifying equipment and receive an energy efficiency incentive of up to \$100,000 per customer, per calendar year.** Payments for larger incentives may be allowed at the discretion of The Utility.
- Total incentive will not exceed 75 percent of the project cost, including installation. If self-installed, incentives can be up to the equipment purchase price, but shall not exceed the Bright Energy Solutions incentives set by Missouri River Energy Services.
