

**Computer Defense Force LLC**

**Cybersecurity Policy & Compliance Support**  
**FISMA/NIST Policy Development**

We specialize in developing and maintaining cybersecurity policies aligned with federal standards such as FISMA, NIST SP 800-53, and OMB A-130. Our team crafts custom documentation packages, including System Security Plans (SSPs), Risk Assessments, and Organizational Procedures, ensuring organizations meet all baseline requirements for compliance. We support internal audits, compliance inspections, and ATO packages with precision and efficiency.
