SUPPLEMENTAL NARRATIVE:

Initial Case Narrative by C. C. Goode #8689 on 04/25/23 at 1430 hrs.
Total Dictation Time = 3:31 mins.

On 04/25/23, at 1001 hours, I took a telephonic report in reference to a public assist call at the address of

at Valley View Early Learning Center. I made contact with [REDACTED] where she advised she had seen on Facebook, from a group by the name of Catalina Foothills School District Concerned Citizens, who advised they were going to have people go in there "hot" and she was concerned they were going to have firearms. When asking what she meant by that, she advised there have been an ongoing issue with the state board and she has a child who goes there and she just wanted it documented, and to see if we were going to send any officers out there. I advised that we would, that we actually had off duty officers arriving at 1630 hours today. She was asking if we could get somebody there earlier, just due to the concerns of the safety of the children. [REDACTED] went on to state she thought the children and parents would be showing up at 1530 hours.

I advised I would get in contact with the School Resource Officer (SRO) supervisor, who was Sergeant J. E. Janes #7331, whom I made notifications to. Shortly after, I was advised by the superintendent that the meeting would actually be cancelled and they would be sending out a media release very soon. In which I was still pending on waiting for the flyer that would be sent out. [REDACTED] was given the case number and my name and badge number. She was asking if other people would need to call just to raise the concern. I advised her no, due to Sergeant Janes dealing with it already. She said she understood. The case number was then given to her and my name and badge number and I advised her if she had anything else to call back.

This concludes my involvement with the incident.
