SEMINOLE, FL. Songwriter Matt Harrington Launches Kickstarter Campaign to Complete Long-Awaited Album *A Road to Redemption*

After nearly 30 years of writing songs, collaborating with talented musicians, and collecting life experiences that shaped his music, Seminole songwriter Matt Harrington is asking friends, music lovers, and supporters to help bring his most personal project to life.

Harrington has launched a Kickstarter campaign to raise **\$2,500 by July 10, 2026**, to complete production of his upcoming album, *A Road to Redemption: Songs of Life, Love, Loss, and Recovery*.

The album is more than a collection of songs, it is the culmination of decades of friendship, perseverance, personal growth, and creative passion. Featuring collaborations with musicians and vocalists from across the country, the project brings together songs written over multiple chapters of Harrington's life, from his early recording days to a recent creative resurgence inspired by reflection, recovery, and renewed purpose.

"This record tells stories that many people can relate to," Harrington said. "It's about loss, hope, second chances, friendship, and finding your way back when life takes unexpected turns."

The album features performances from Becky Chance, Jarius Withrow, Vic Scott, Meghan Bayles, Eli Gilchrist, and members of the backing band *Sofa King Revolution*. In a full-circle moment, award-winning engineer Alex Gerst, who worked on Harrington's earliest recordings decades ago, will handle the album's mixing and mastering.

Funding from the Kickstarter campaign will help cover recording sessions, vocal tracking, travel expenses, mixing, and mastering. Recording will take place in multiple locations, including Orlando, Indiana, and Dallas, allowing the project to bring together the musicians and collaborators who have helped shape the album's sound.

Because Kickstarter operates on an all-or-nothing model, the campaign must reach its **\$2,500 goal by July 10** for any funds to be collected. If the goal is not met, all pledges will be returned to supporters.

Harrington hopes supporters will see the campaign as an opportunity to become part of something meaningful.

"Every contribution, whether large or small, helps move this project closer to completion," he said. "If you've ever believed in supporting independent artists, creative dreams, or the power of music to tell real stories, I hope you'll consider joining us."

How You Can Help
