Christopher P. Merkel, M.P.H.
Public Health Coordinator
and
Health Officer

MEMORANDUM

TO: Eileen Rubano, Administration Officer
Howell Township Planning and Zoning Board

FROM: Christine Martone, Registered Environmental Health Specialist

DATE: October 28, 2022

RE: SP-1105
Victory Road
Block: 41 Lot: 17

Our Department has the following comments regarding the above referenced site plan:

Septic system plans have been denied by this department pending planning board approval.

New septic plans must be submitted to and approved by this department prior to building permits being issued. Calculations for the maximum number of employees per day must be included in the submission. Also, minimum distances must be maintained from the septic system to detention basins and wetlands.
