

# Puppy Stay & Train

@ NESHAMINY CREEK DOG TRAINING

Bringing home a puppy is a big commitment—one that demands time, energy, and lots of attention during those crucial early weeks.

But here's the good news: it doesn't have to be overwhelming.

My Stay and Train Program offers the ideal foundation for your puppy by providing a structured, supportive environment. Your pup lives with me and my own pack, fully immersed in my proven puppy training methods.

From overnight crate training and potty routines to house manners, socialization, and core obedience skills like loose-leash walking—I handle the tough stuff for you.

It's the perfect solution for busy families and professionals who want a well-behaved pup without the stress.

## ABOUT THE TRAINER

With over 25 years in the pet industry, Val has dedicated her life to mastering the art of dog training.

As a certified evaluator for AKC S.T.A.R. Puppy, CGC (Canine Good Citizen), Community Canine, Urban CGC, Trick Dog, and Video Home Manners, her credentials reflect a deep and well-rounded expertise.

Val's approach is both intuitive and evidence-based, shaped by decades of hands-on experience and ongoing research. She believes puppy training should be engaging, creative, and tailored to each dog, making the process rewarding for both the puppy and the owner.

"Training isn't just about teaching commands—it's about deepening the bond between you and your best friend to build a relationship based on trust and understanding."

Every puppy is unique, and Val's methods are always adapted to suit your pup's personality and learning style.

Over the years, she's earned the nickname "The Puppy Whisperer"—and she's ready to help you understand your puppy's language, too.
