# ABOUT US

---

Our team of skilled professionals are dedicated to providing you with the best possible service, using the latest technology, techniques and products to achieve flawless results. We believe that every vehicle deserves the best possible care. That's why we take a personalised approach to every customer, taking the time to understand your specific needs and preferences. We offer a range of services that can be customised to meet your unique requirements, ensuring that you get the results you want.

# OVERVIEW

## COMMERCIAL SERVICES

### MINI VALET

Our mini valet is a quick and efficient service that's perfect for busy customers requiring high turnaround times for vehicles

### FULL VALET

Perfect for used car sales and services. If you want your clients car to look and feel like new again, our full valet service is the perfect solution. Our full valet service also includes a range of extras, such as outer removals as well as hand wax and polish

### VEHICLE UNBOXING

Unboxing a new vehicle is an exciting experience and we understand how important it is to our customers. We take great care to ensure that every new vehicle we unbox is treated with the utmost care, attention and respect.

Our goal is to make the unboxing process as smooth and stress-free as possible for our customers. We understand that a new vehicle is a significant investment and we take every precaution to ensure that it arrives in perfect condition.

## CERAMIC COATINGS: VEHICLES AND AVIATION

Ceramic coatings are designed to provide long-lasting protection for your vehicle's paintwork. They create a durable, hydrophobic layer that repels water, dirt, and other contaminants, making your vehicle, plane or helicopter easier to clean and maintain.

Our coatings are highly resistant to UV rays and oxidation, prevent paint fade and dullness over time, provide excellent chemical resistance, protecting your car's paintwork from damage caused by environmental pollutants, bird droppings, and other hazards.

## CERAMIC COATINGS: PRODUCT INFORMATION

### FEATURES:

- Best possible swirl mark and chemical resistance from a prosumer grade product
- High-gloss and slick-to-touch
- Makes cleaning your car a breeze
- Five year guarantee when applied by a Gtechniq Accredited Detailer
- Offers 80% of Crystal Serum Ultra's performance, but can be removed by machine polishing
- The high density ceramic layer is resistant to chemicals from pH2 - pH12 - makes bonded contaminants such as tree sap, tar, and hard water spots, easy to remove
- Resists temperatures as low as -40°C, to as high as +250°C

### FEATURES:

- 18-24 months durability
- Warm gloss look and slick finish
- Unparalleled water and dirt repellency
- Ensures your vehicles surface stays cleaner and glossier for much longer
- Straight forward, easy application process
- Major leap forward in Last Surface Protection Technology
- Hard film makes water spots easier to remove

### FEATURES:

- Lasts up to two years on Paint Protection Film (PPF) and vinyl
- Makes surface easier to maintain
- Can be used on gloss, satin and matte finishes
- Proven to work on self-healing films
- Enhances the performance of PPF and vinyl
- A chemically bonding, ultra-dense flexible film that becomes the permanent surface of the film – protecting it from the elements a car faces on a daily basis
- The density of the coating and its low surface energy improve dirt and water repellency
- Helps to prevent staining from dirt ingress
- Reduces yellowing caused by UV rays

## PAINT CORRECTION AND MACHINE POLISHING:

Paint correction and machine polishing are essential services for anyone who wants to restore the appearance of their vehicle's paintwork. At our workshop and detailing studio, we use the latest technology and techniques to provide top-quality paint correction and machine polishing services, ensuring that your car looks its best and maintains its value for years to come.

## PAINT CORRECTION FILM:

PPF, or paint protection film, is a high-quality, clear film that is applied to the surface of your vehicle to protect it from scratches, chips, and other damage caused by environmental hazards. Our PPF is a virtually invisible, self-healing film that offers long-lasting protection for your car's paintwork without altering its appearance. We offer professional PPF installation services that are customized to meet your unique needs, using only the highest quality materials and techniques to ensure flawless results.

## WINDOW TINTING AND SMASH AND GRAB FILMS:

Our smash and grab film is a high-quality SABS approved film that is applied to the windows of your vehicle. It provides an added layer of security, making it harder for thieves to break into your car.

Our film reduces heat and glare discomfort, provides protection from UV rays and blocks up 99% of harmful UV rays.
