

Instant History

Biffy Clyro

E /// //// C#m /// //// G#m /// //// F# /// ////

Riff: (for Chorus)

Verse:

Dear God
Adjust my dreams for me
All I learned is instant history
Is this how
The surface will break?
Releasing the pressure
The horrors that await

Pre Chorus 1:

Hell hath no fury like a human born
Its only real if you can't replace it
And now I'm losing all control
Why do I fear it?

Chorus: (with riff)

This is the sound that we make
Can you hear it?
This is the sound that we make
Can you hear it?
I love the sound when it breaks
Can you hear it?
This is the sound that we make
Can you hear it?

Verse:

Dear God
We're shouting in the streets
'Cause all our love is instant history
We could go
To any time or place
But the history's a nightmare
I'm sure we'll awake

Pre Chorus 2:

I got a fever in my bones
Gets me so high that I can taste it
And now I'm losing all control
Why do I fear it?

Chorus: (with riff)

Pre Chorus 1:

Chorus: (with riff)

(with Chorus lyrics)

This is the sound that we make
