Meet the Band

Darrell Sikes (lead vocals, keys & acoustic guitar) is more than an amazing singer & entertainer, he's also a talented songwriter, growing up in Plant City, FL where he discovered his love for music at a young age at piano lessons. His teacher quickly learned that he was not only gifted at playing the piano from what he heard but that he was also gifted with his vocals, leading him to studying both! It wasn't until 2003, when a singing competition led to a producer taking him to Nashville, he learned that songwriting was also something inherently in him, writing and recording 4 songs there. While he has not actively pursued his music career throughout his life, Darrell has never left the stage, singing at countless weddings, events, churches and guest appearances with various bands, making music always seems to find him. He is beyond grateful to finally be where doing what he loves is an everyday reality!

John Brinker (Drums) from the Secret City of Oak Ridge, TN he started as a 6th grader at Junior Military Academy where he joined the Drum & Bugle Corp. This led to him playing drums in the Oak Ridge High School band, honing in his percussion skills even more. After enlisting in the US Air Force, he joined an instrumental band & had the opportunity to compete in the Worldwide Air Force competition, finishing 2nd overall! John has played for many years locally too with bands such as JT Curtis & The Florida Scoundrels, The Mustang Mafia, The Terry Cole Show, Wrong Way Bender & The Machine Gun Kelly. Music has always been a passion of John's and he considers himself very humbled and blessed to still be able to sit behind a kit at age 69 and perform, being appreciated by music lovers and musicians!

Ricky Stark (Electric Guitar, Backup Vocals) is a Tampa, FL native & veteran of the local music scene having performed hundreds of live shows throughout the South for over 40 years. Ricky started playing guitar at age 12, playing gospel music in church and some years later played in the Hillsborough High school stage band, a full orchestra, playing big band hits by everyone from Count Basie to Stevie Wonder. Over the years, Ricky has explored many musical genres such as blues, classic rock, country, southern rock, heavy metal, new wave, pop, top 40, reggae and new country, becoming a well-rounded musician and guitarist with a multitude of songs in his musical arsenal. Regardless of style, including slide, flat picking or Travis picking, Ricky is full of positive energy on stage and loves to play to the crowd making sure everyone is having fun, a true entertainer and folks can't wait to see what he will do next!

George Spieth (Bass, Backup Vocals) Born in FL, moved to Virginia in his teens & grew up in a family of musicians. His mother played the fiddle & his dad the guitar influencing him in swing, jazz and country styles of music. In his 20s, he picked up a bass & was hooked. He has played in several bands throughout the years including classic rock, country and contemporary gospel. In 2019, George & his wife moved back to Florida to take care of his parents. George is the kind of bass player who can't hide that he loves what he does with a contagious positive, fun-loving attitude sure to rub off on any crowd.
