

VIKEN®

HARDENED WOOD FLOORING

VIKEN is the Swedish word for Bay. A peaceful haven shaped by ocean and time. Creating a calming shelter for harmony and wellbeing. The appreciation of nature is deeply rooted in our heritage and our floors are designed to reflect the timeless beauty of our surroundings. The grounding qualities of real wood bring a genuine and inviting feeling to your home. Viken is our way to cherish the natural elements and to honor a joyous and soulful lifestyle.

The Viken Range

Our floors are designed in harmony with nature. Created to enhance the beautiful character of your home and bring a lasting impression of grace and comfort. All designs are infused with our natural heritage and will feel right at home everywhere.

Lighthouse is a mild and naturally bright shade creating a feeling of modern simplicity. It adds a touch of fresh air and fills your home with beaming light.

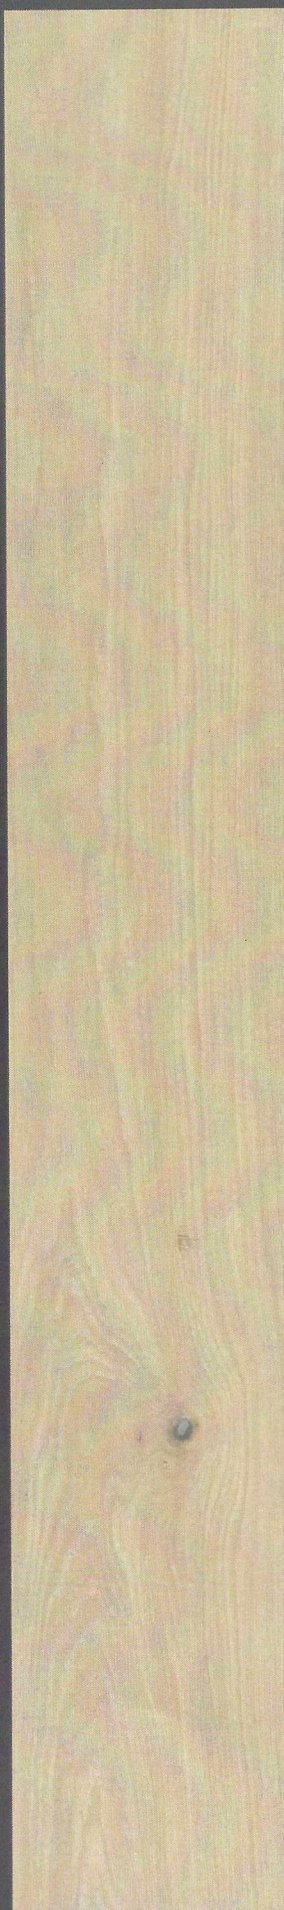

Bungalow gives every room a soft and soulful feeling. The beautifully muted tone is ideal to create a radiant home with bright aesthetics a calm, balanced foundation.

Cottage has the timeless look and naturally relaxed feeling of a classic oak floor. Creating a warm and welcoming home – for generations to come.

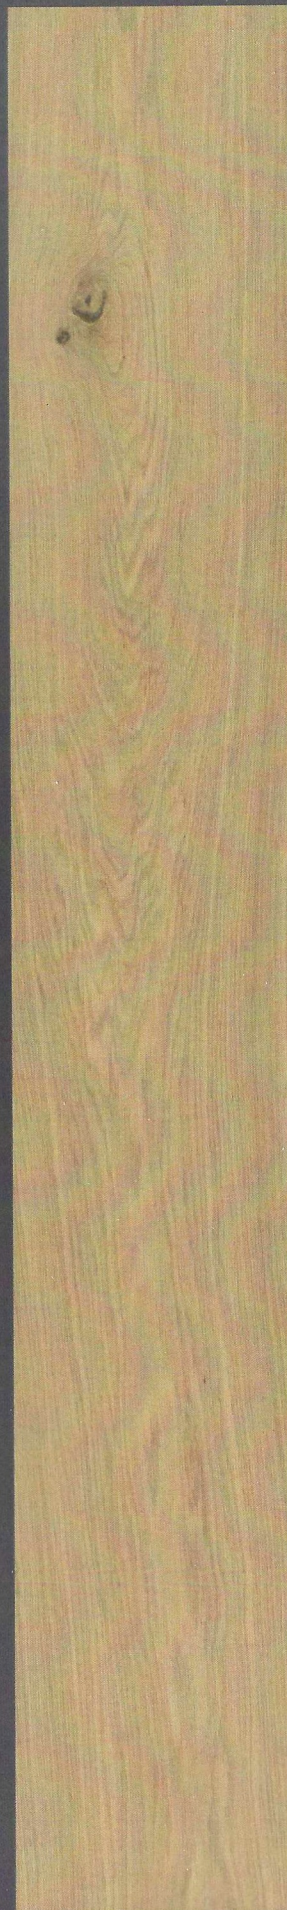

Beach house is a soft grey shade providing a serene feeling of peace and harmony. The natural balance between cozy and contemporary creates a home filled with heart and soul.

Hideaway honors our natural heritage. The deep brown tone adds grace and comfort to all rooms and creates a grounding foundation for joy and harmony.

Woodura™ – wood powder technology

Our hardened wood floors, crafted sustainably with patented Woodura technology, maximize the utilization of raw wood material. The use of thin wood layers, as opposed to thick, solid planks, increases the final product yield per square foot of wood.

Product build-up

- | | |
|----------------------------|-------------------------------|
| 1. Top coat | 4. Välinge Compositetek™ core |
| 2. Natural wood covering | 5. Wood-based powder layer |
| 3. Wood-based powder layer | 6. Wood backing layer |

The leakproof 5G Dry floor locking system is the latest innovation in floor locking technology. Apart from offering an easy and quick installation, watertight joints prevent water from seeping through the seams and damaging the subfloor.
