

Host a Training at Your Agency

The training your officers actually want to attend.

We bring specialized, experience-based training directly to your region — and handle registration, payments, marketing and instructors so your training staff doesn't have to.

It costs your agency nothing to host.

You provide the classroom and A/V. Your agency earns complimentary seats — and gets credit for bringing your region training officers ask to attend.

If enrollment falls short, that's our problem — not yours. Filling seats is our job. A host agency is never expected to cover a shortfall unless a separate contract arrangement was agreed in advance.

YOUR AGENCY PROVIDES

- A training room seating at least 40
- Projector or display, screen and audio
- Tables and seating for the course
- A local agency point of contact
- Help distributing the announcement regionally
- Facility access for instructor setup

WHAT YOUR AGENCY RECEIVES

40 PAID	4 FREE SEATS	50 PAID	5 FREE SEATS	60 PAID	6 FREE SEATS	70 PAID	7 FREE SEATS
-------------------	------------------------	-------------------	------------------------	-------------------	------------------------	-------------------	------------------------

Four complimentary seats once the event reaches 40 paid participants, plus one additional seat for every ten paid registrations beyond that. Host agencies sending additional personnel may also qualify for discounted group rates.

TWO WAYS TO BRING US IN

Open-Enrollment Hosting

No hosting fee. You provide the room; surrounding agencies and task forces may attend. Officers register directly with us. Our most common arrangement.

Private / Contract Training

Training exclusively for your personnel, with guaranteed seats and curriculum tailored to your region. Quoted by program, location, days and attendance.

Custom arrangements are also available — some agencies guarantee a set number of seats while we open the remaining capacity to outside law enforcement.
