

BETTERWAY THERAPY

Services

Job Description: Clinical Supervisee (Associate Counselor / Intern Therapist)

Job Title: Clinical Supervisee (Associate Counselor / Intern Therapist)

Reports To: Clinical Supervisor / Clinical Director

Job Summary:

The Clinical Supervisee provides counseling and mental health services to clients under the supervision of a licensed clinical supervisor. This role is designed for provisionally licensed or associate-level counselors who are completing supervised practice hours toward independent licensure. The supervisee is responsible for delivering high-quality, ethical, and client-centered care while developing clinical skills and professional identity.

Essential Duties & Responsibilities:

- Provide individual, group, couples, and/or family therapy under direct supervision.
- Conduct client intake assessments, develop treatment plans, and document progress.
- Maintain accurate and timely clinical records in accordance with agency and state requirements.
- Participate in weekly supervision with assigned clinical supervisor.
- Consult with supervisor regarding high-risk, ethical, or complex cases.
- Apply evidence-based interventions while maintaining professional boundaries.
- Uphold client confidentiality in compliance with HIPAA and state regulations.
- Engage in professional development activities, including training and continuing education.
- Collaborate with colleagues, community providers, and supervisors to support client care.

Qualifications:

- Master's degree (or current enrollment in final year of graduate program) in counseling, social work, psychology, or related mental health field.
- Current associate or provisional license (e.g., LAC, LMSW, AMFT) OR eligibility for such credential.
- Strong interpersonal, organizational, and communication skills.
- Commitment to ethical practice and professional growth.
- Ability to accept feedback, reflect on practice, and integrate supervision into client care.

Work Environment:

- Clinical office or private practice setting.
- Supervision provided weekly in compliance with state board requirements.
- Client caseload assigned in accordance with experience and training level.
