Disclaimer: The Brookmont Core Dividend Equity Strategy returns are based on an asset-weighted composite of discretionary accounts that include 100% of the recommended holdings. Individual accounts will have varying returns, included those invested in the Strategy. The reasons for this include: 1) the period of time in which the accounts are active, 2) the timing of contributions and withdrawals, 3) the account size, and 4) holding other securities that are not included in the Strategy. Dividends and capital gains are not reinvested. The Strategy does not utilize leverage or derivatives. Returns are based in U.S. dollars. Inception of the Strategy is January 1, 2008. Gross-of-fees returns do not include management or custody fees but do include all trading costs.

The Brookmont Core Dividend Equity Strategy Composite contains fully discretionary accounts with similar value equity investment strategies and objectives. For comparison purposes the Dividend Equity Strategy Composite is measured against the Russell 1000 Value Index. The Russell 1000 Index measures the performance for the large-cap value segment of the U.S. Equity universe. It includes those Russell 1000 companies with lower price-to-book ratios and lower expected growth values. The Russell 1000 Index is constructed to provide a comprehensive and unbiased barometer for the large-cap value segment.

Brookmont Capital Management claims compliance with the Global Investment Performance Standards (GIPS®). To receive a complete list and description of Brookmont's composites and a presentation that adheres to GIPS standards, please contact Suzie Begando at 214-953-0190 or write Brookmont Capital Management, 2000 McKinney Avenue, Suite 1230, Dallas, TX 75201.

Gross returns will be reduced by investment advisory fees and other expenses that may be incurred in the management of the account. Net of fees performance was calculated using actual management fees. Additional information regarding the policies for calculating and reporting returns is available upon request. Your account returns might vary from the composite's returns if you own securities that are not included in the Strategy. Cumulative returns are shown gross-of-fees. Returns for the Russell 1000 include reinvested dividends. Strategy returns do not include reinvested dividends. During a rising market, not reinvesting dividends could have a negative affect on cumulative returns.
