About Tradepreneur

Tradepreneur is an international platform for the exchange and presentation of expert opinions, novel ideas, and groundbreaking research findings in the field of theoretical and practical experiences in academia and industry. Its aim is to provide informed research practices on key educational and industry issues in an accessible manner. This platform intends to promote the institutions, teams, and individuals that place quality research at the top of their agenda and work in collaboration with others to achieve their goals. Setting the stage for a global research network and bringing a difference in society is our key mission. This platform brings together academicians, researchers, and research scholars to exchange and share their experiences and research results about all aspects of science, social sciences management, economics

About Conference

Corporate Social Responsibility (CSR) and Sustainable Development are two sides of the same coin. Corporate Social Responsibility (CSR) acts as a micro-level management approach where companies integrate environmental, social, and economic concerns into operations, aiming to achieve sustainable development goals (SDGs). It translates the macro-concept of meeting present needs without compromising future generations into tangible actions like reducing carbon footprints, improving education, and supporting community health.

About Institute

Chhatrapati Shahu Institute of Business Education and Research (CSIBER), located in Kolhapur, Maharashtra, is a well-established autonomous institute recognized for its programs in management, computer applications, and social sciences.

Founded in 1976, it was designed to bring professional education and vocational training to the youth of Southern Maharashtra and Northern Karnataka, particularly serving students from rural areas.
