

Deposits are non-refundable.

Puppy picks are made in the order of when deposits are received. I realize when putting down a deposit on a puppy that is only a few weeks old it will be hard to make a choice on personality, unless you see a specific one you are wanting. The reason for a deposit is for me to hold the puppy for you. If I am holding a specific puppy for you, he cannot be sold to anyone else. If I was to transfer the deposit to another puppy, I would have lost several potential new families for that puppy, while it was marked sold.

If deposit has not been received within 5 days of verbal agreement to buy, then the puppy goes back to being available.

\$350 Deposit for Tris
\$400 Deposit for Merles

You may send a personal check for the deposit. The remaining balance on a puppy must be made by cash or money order.
