

INTRODUCING LUXFLOR BY *Congoleum*[®]

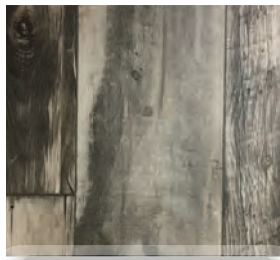

LuxFlor by Congoleum truly represents contemporary American flooring and sets a new standard for the manufactured housing industry. LuxFlor by Congoleum offers exceptional durability, contemporary design and installation flexibility unlike any other flooring available.

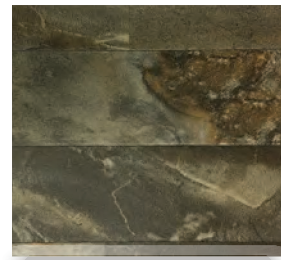

Hillsborough Beige

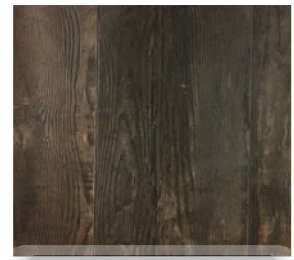

Vintage White

London Fog

Nightfall

Weatherwood

EFFORTLESS

- Scotchgard™ protection for easiest cleanup.
- Exceptional cleanup and stain resistance including paint and stain, adhesives and drywall dust.

DURABLE

- High density foam feels warm and comfortable underfoot and will last for years.
- The extra thick UltraShield® wear layer is resistant to cut, scratch, gouge, indent and impact damage during in-plant construction.
- WhiteShield® core with naturally occurring limestone is not only durable, but it is engineered to contract over time to ensure they remain flat.

REALISTIC

- Two different types of embossing impart feelike patterning consistent with nature.
- Low gloss surface provides unmatched realism which helps to mask subfloor imperfections.

FORGIVING

- Wide width allows for fast and seamless installations
- Engineered to be ideal for perimeter installations which makes it fast and cost effective.
