

Contacting Your Member of Parliament (MP)

5th March 2020

1. In this area we have four neighbouring Parliamentary Constituencies. Anyone residing in any of the constituencies could be affected by the development proposed for Jealott's Hill.
2. The MPs and their contact details for each Parliamentary Constituency are listed below. In almost all cases written contact either to the constituency office or the House of Commons is best. Face to face surgeries are rare unless you can make an appointment. MP's offices are mostly extremely efficient and approachable.
3. If you are unsure of the constituency in which you live there is an online Constituency Finder which will tell you based on your postcode (link below). This is more or less accurate so you can use it with a fair degree of confidence.
4. When you write or email your MP you MUST provide your full name and full postal address with postcode. This is MANDATORY for letters, emails, text or fax. Unless you include these your communication will go straight into the circular filing system.

The Constituency Finder Link: <https://members.parliament.uk/FindYourMP>
