*I had forgotten just how long it had been since I saw Casey. I won't forget the first time I met him at AJ's. It always made me so happy to see him when he came in with his Dad. He never failed to hug me. This child meant so much to me and I hurt so much just thinking about him. Nancy, you carried this wonderful child in you. I want to say Thank You for sharing him with me. I am praying for all of you during this difficult time. My thoughts are with you as well. Casey is at peace. All My Love, Donna*

*Casey was like family growing up with our boys. Jace and Logan still tell silly stories about those 3. We asked about Casey and Whitney, whenever we would see you. Sending, prayers, peace, love and light your way*

*Nancy, Craig, Whitney and family. I am so sorry for the loss of your son and brother. I had not seen him since he was a little boy, when you and I had to go to Orlando for a class for work. But I remember watching him play with his little dog as we drove off. He grew into such a handsome man, and I saw in the video he inherited his love of cats from you. Please know that you and your family are in my thoughts and prayers. God Bless each of you.*

I'm at a loss of words. Not only did I lose a best friend whom I looked at as a brother. Carter lost his best friend as well. You always done everything you could to help someone out even if it wasn't what you wanted to do. You were a mediator when tensions were high amongst friends and always helped us through to the other side. We shared so many great memories and amazing times together that I'll never forget. Your parents raised an exceptional young man and almost always had good advise in sticky situations.

RIP brother and give the roads hell on 2 wheels in your new place.

Gone but never forgotten.

We all love u man

I was so sorry and heartbroken to hear about Casey. He was always a great friend to me, and we had so many good times and laughs together. I will miss him and will keep you guys in my prayers

**Kimberly Poe Wilkins**

you are a very good man and you did a fabulous job raising Casey. Your dad is very proud of you right now in Heaven (with your precious boy).

**Dustin Sirmon**

U and Nancy done a phenomenal job raising **Casey Ryan**. He was an amazing person and had numerous great traits. He was a brother to me from the time I met him and we shared lots of good memories I will never forget

**Ally Gardner**

Short years of passing him in hallways of the high school years ago, he would always say hello, or talk about his Jeep. Any time we would pass through the same door he would open it for me. Even though I never really knew him, he would

always make time to small talk. You did a fine job on raising him. He was very very sweet and a fine gentleman 😊

I'm really sorry for your loss!

### **Kelly Gibson**

He favored your dad so much. I will never forget his precious little face in kindergarten 📖🙏❤️

### **Annette Dunbar**

What a wonderful picture ! Casey was great guy , although I didn't know him well , he always had the time to visit when I saw him

### **Daphne Phipps**

Casey will live on in everyone's hearts that's for sure. He made an impact on my boys with his heart of gold. We will continue to pray for you guys for God's comfort...always

### **Sheila Gibson Turner**

I never got to meet him but I have read every comment and without knowing him I can tell he was an amazing person and will be so missed. He was raised by two incredible parents, who evidently raised him so right. Thinking of you and Nancy constantly and I am so saddened your hearts are breaking. Much love to all of you

### **Joy Middleton**

I never had the privilege of meeting Casey, but I do feel like I know him through your and others description of who he really was. No doubt, he was a special kinda guy that touched a lot of people. Make you have comfort in hearing the words of his friends and in thinking about all the good things he brought to his family and friends

, we didn't talk every day and that's my fault. You were the man, you were that dude that would check on people who didn't even know they needed checking on. The guy who was the best friend of people who had never met you before. You would message me on holidays and we'd merry Christmas or happy Thanksgiving each other. You were the dude that was down to ride rain, sleet, or snow. We may not have been the closest, but you were my 2 wheeled brother. We're going to miss you my brother, I can promise you we'll ride again one day!!

Got a message today letting me know that a friend of mine had passed away. In my head I'm thinking this has got to be some kind of sick joke, there's no way that's possible.

Casey Ryan

you were a great guy! You were always there for anyone that needed anything. I know I haven't talked to you much lately and it's been even longer since I've riden with you, but that doesn't change the fact that you were always there. I remember when my battery died at an intersection and how you and some of the other guys got off your bikes and helped push me out of the intersection and told me to shift to first and pop the clutch to get the bike started back up. I remember some of the meet ups where we'd just sit there and talk and watching you learn how to wheelie. Oh there were some great times! I'm gonna miss you buddy! I know you'll be watching over us as we ride. RIP!!!

Carter absolutely adores Casey. He is his favorite one out of the bike group; he looked up to him like he hung the moon.

Please keep the Ryan family and Casey's friends in your prayers. ❤️🙏
